### **CALIFORNIA FISH AND GAME COMMISSION NOTICE OF RECEIPT OF PETITION**

NOTICE IS HEREBY GIVEN that, pursuant to the provisions of Section 2073.3 of the Fish and Game Code, on May 25, 2016, the California Fish and Game Commission (Commission) received a petition from Toni Corelli, to list coast yellow leptosiphon (*Leptosiphon croceus*) as endangered under the California Endangered Species Act.

Coast yellow leptosiphon occurs at an evaluation of 14 meters atop a sea bluff at the edge of the coastline on a marine terrace supported by sedimentary sandstone derived soil. This habitat is highly influenced by wind, cool salt-laden air and fog.

Pursuant to Section 2073 of the Fish and Game Code, on May 27, 2016, the Commission transmitted the petition to the California Department of Fish and Wildlife (Department) for review pursuant to Section 2073.5 of said code. It is anticipated that the Department's evaluation and recommendation relating to the petition will be received by the Commission at its October 19-20, 2016, meeting in Eureka.

Interested parties may contact Mr. Richard Macedo, Habitat Conservation Planning Branch Chief, California Department of Fish and Wildlife, 1700 Ninth Street, 2nd Floor, Sacramento, CA 95811, or telephone (916) 653-3861, for information on the petition or to submit information to the Department relating to the petitioned species.
