COLUSA COUNTY FISH & GAME ADVISORY COMMISSION
546 Jay Street, Suite 202
Colusa, CA 95932

October 1, 2014

Department of Fish & Game
1416 Ninth Street
Sacramento, CA 95814

To Whom It May Concern:

The Colusa County Fish & Game Commission would like request your consideration of increasing the size of the elk hunt in Stonyford. The current size of the hunt has not been effective in maintaining or reducing the size of the herd in the area.

The elk herd has been the source of problems in the area of Stonyford for many years and it is only increasing. The size of the herd has caused property damage for landowners, caused many vehicle accidents, there are many complaints on a constant basis.

The problem with increasing the size of the hunt has been access to property to hunt, would the possibility of landowner tags be an option to consider?

The Commission would ask that you take this matter into serious consideration. The size of the herd needs to be reduced in order to solve some of the issues that the elk are causing. Please feel free to call if you have any questions or if you need any additional information. I can be reached at (530) 458-0408 between 8:00am and 3:00pm or via email at hgallagher@countyofcolusa.com.

Thank you,

Holly Gallagher
Commission Secretary
