Jennifer.Carlson --

Thank you for responding. When I spoke with Victoria last year, she gave me the impression that even though there is a 5-year contract, it has a yearly review and when I last emailed it was the time she told me to write. Once again my main concern is now the fire danger in July, and I would like to see the beginning date similar to hunting regulations in our area -- to give special assistance to them for their work in property management improvement it would be best to have it at the end of the season when antlers are filled out and bucks are larger than earlier in the season. Please forward this to Victoria Barr at the state level. Thank you.

Barr, Victoria@Wildlife Victoria.Barr@wildlife.ca.gov 3:24 PM (4 hours ago)

to **Stuart.Itoga, Craig.Stowers**, me, Jennifer.Carls.

Ms. Miller,

As you know Hunter Ranch was approved at the Fish and Game Commission meeting last August. We received your comments and responded to them in a letter sent to you on August 15, 2013 (attached).

We do not send comment letters to the commission with annual renewals, which is the what Hunter Ranch is this year. If you would like to comment further please send them directly to the Fish and Game Commission at: <http://www.fgc.ca.gov/>

3/17/14 -- FIRE DANGER IS OUR MAIN CONCERN -- We just returned from a CAL FIRE training information in Ukiah at the Redwood Region Logging Convention and they expressed the danger is going to be much higher this year than in years past.

Rowetta Miller
