2/24/14

Commissioner Jim Kellogg  
California Fish & Game Commission  
Resource Building  
1416 9<sup>th</sup> St.  
Sacramento, CA 95814

At the Commission meeting of Feb. 5, 2014, you suggested Commission members may want to visit Sherman Island to better understand the conditions that exist, which could affect their decision making process.

Approximately 5 years ago I asked the Commission to visit the East Walker River when the water flow was approximately 25cfs (November to the middle of March each year).

I believe a visit to the East Walker River would result in actions to change regulations for the protection of this fishery.

Thanks for your consideration on behalf of the East Walker River Alliance,

Dennis F. Byrne
