

Cat McAdams

Feb. 14, 2014

Fish and Game Commission  
Attn: Sonke Mastrup, Executive Director  
1416 9<sup>th</sup> St Ste 1320  
Sacramento, CA 95814

Dear Mr. Mastrup,

Many of us here in Humboldt County, professional scientists and lay people alike, are appalled at the behavior of the Fish and Game Commission. Why did you not respond to the plight of our salmon trying to spawn in this drought year in a timely manner? Why do we not have sufficient regulation of driving in our rivers like many of our neighboring states?

We realize that this is not an ideal world and politics is a problem for all of us. Do you have a plan to improve this situation?

Very Sincerely Yours,

A handwritten signature in blue ink that reads "Cat McAdams".
