Dear Commission,

I am hereby requesting a Market Squid Vessel (Experimental) Permit for F/V Sea Wolf F&G# 39641. I am aware this permit is from Pt. Arena north to the California Oregon border, and use of round haul gear, including purse seine, drum seine or lampara nets, including dip and scoop nets. Lights may also be used as specified in regulations to aggregate squid for purpose of commercial harvest.

Thank you for your consideration in this matter, I am very much looking forward to this fishery.

Sincerely,

Mary S. Fairbanks
