**RE: Petition to Amend Section 311 of Title 14**

Dear Commissioners:

The California Sportsman's Lobby is a nonprofit organization of sportsman's clubs and individuals dedicated to preserving outdoor recreation in California. Our principal activities are to monitor legislation that might negatively impact hunting, fishing and other recreation, and to oppose unwise changes in the laws relating to these activities.

The California Sportsman's Lobby (CSL) promotes the conservation, enhancement, scientific management, and wise use of all our natural resources; CSL seeks an end of activities needlessly destructive to natural resources; CSL endeavors to educate and encourage the public generally, and the youth specifically, to an understanding of the advantages and importance of the conservation, enhancement, and wise use of all our natural resources; and CSL works to secure more and better outdoor opportunities for all citizens, regardless of race, creed, or color as essential to the physical and spiritual well being of all the people.

This is to request that the commission take regulatory action in conformance with the amendments to section 311 requested by the NRA in its petition to the commission dated 2/6/2015.

Such action would help sportsmen to remain in compliance with valid regulations promulgated by the commission while avoiding conflicts with statutory laws governing firearms possession.

Randy Walker
