Subject: Feather river Spring Salmon
Date: Wednesday, February 18, 2015 12:57:48 PM

30,000 plus salmon returned to the hatchery last year! when are you going to admit that the spring run is not in danger, and we, the people who pay for the running and maintenance of our fisheries, can fish for them. Open the low flow up to the hwy 62 bridge, and let us harvest the fish we pay for!

Thanks,
William
