DFG Regulatory Commission:

I totally agree with the proposed \$20.00 penalty for those not turning in their report cards. People will learn quickly, if not now, the first time they neglect to do it how important it is.

I like it as it does not increase the cost for us that follow the rules.....and until everyone gets used to it, it's not as harsh as **not** allowing a new card for a season.

It should be stated in **BOLD letter's at the top of the card when you buy it so there can be no confusion. Also the folks that sell the card, should be required to tell the buyer of the \$20 penalty.....most of us just don't read the fine print.....more exciting to go hooping.**

Not having to buy a 2nd card for the same season is also a winner!

Best Regards,

Kari Rantala (a lifelong sport fisherman)
