

CALIFORNIA FISH AND GAME COMMISSION
DECISION LIST FOR NON-REGULATORY REQUESTS RECEIVED FOR / AT DECEMBER 3, 2014 MEETING
Revised 2-02-2015

FGC - California Fish and Game Commission DFW - California Department of Fish and Wildlife WRC - Wildlife Resources Committee MRC - Marine Resources Committee

Date Received	Name of Petitioner	Subject of Request	Short Description	FGC Decision	DFW/FGC Staff Response	Final Action, Other Outcomes
10/6/2014	Ronald Oshima	Pilgrim Creek Ecological Reserve (PCER)	Concerned CDFW is in violation of FGC policies and procedures by not providing erosion control on the slopes of the PCER.	Staff recommendation: Reject; ecological reserve management is under the authority of DFW. Information forwarded to DFW.		
10/3/2014	Sean Brady, Michel & Associates, representing National Rifle Association	Incompatible Activities Statement	Requests adoption and signing of the updated Incompatible Activities Statement from the Governor's office (Section 19990, Government Code)	Staff recommendation: Reject; incompatible activities statements for FGC members is under the authority of the Governor's office.		
10/8/2014	Lawrence Keane, National Shooting Sports Foundation	Incompatible Activities Statement	Requests Commissioner Sutton recuse himself on implementation of nonlead mandate, and clarification about why all commissioners have yet to sign the updated Incompatible Activities Statement from the Governor's office.	Staff recommendation: Previously referred recusal to FGC legal counsel. Reject incompatible activities statements; under the authority of the Governor's office for FGC members.		
10/10/2014	David Dickerson, California Sportfishing League	Pier and Jetty Fishing	Requests Commission take appropriate action to prevent municipalities from enacting rules and ordinances that restrict public fishing activities on piers.	Staff recommendation: Accept; previously referred to MRC and marine advisor.		
11/21/2014	Supervisor Doreen Farr, County of Santa Barbara	Cachuma Lake trout stocking	Requests Commission allow the county to continue stocking trout using triploids until the courts render a decision.	Staff recommendation: Reject; trout stocking programs are outside the authority of FGC. Information forwarded to DFW.
