

STAFF SUMMARY FOR OCTOBER 19-20, 2016

27. SPORT FISH**Today's Item****Information** **Action**

Authorize publication of notice of intent to amend sport fishing regulations.

Summary of Previous/Future Actions

- | | |
|-------------------------------------|-----------------------------------|
| • MRC vetting | Mar 21, 2016; MRC, Los Alamitos |
| • WRC vetting | May18, 2016; WRC, West Sacramento |
| • Notice hearing | Aug 24-25, 2016; Folsom |
| • Today's discussion hearing | Oct 19-20, 2016; Eureka |
| • Adoption hearing | Dec 7-8, 2016; San Diego |

Background

Proposed regulation changes for the 2017 sport fishing season include both DFW and public recommendations in the following substantive changes to current regulations:

Inland

- Sport Fishing Report Card Requirements – Update and clarify;
- Eastman Lake - Removal of existing closures to open the lake to fishing year-round;
- Reptile and Amphibian Nomenclature Updates;
- District General Regulations and Special Fishing Regulations - Updated for clarity;
- San Clemente Lake - Remove special regulation;
- Los Padres Reservoir – Prohibit take of rainbow trout to reduce take of listed steelhead;
- Las Garzas Creek Tributaries – Make consistent with other regulations in Carmel River watershed; and
- Landlocked (Kokanee) Salmon – Increase fishing opportunities and clarify new regulation.

Marine

- Razor Clam Fishery in Humboldt County – Restore the original management boundary.

Significant Public Comments (N/A)**Recommendation**

FGC staff: No changes to recommendations noticed as proposed on September 9, 2016.

Committee: The WRC and MRC recommended inclusion of the items identified under “Inland” and “Marine”, respectively.

DFW: N/A

Motion/Direction (N/A)

STATE OF CALIFORNIA
FISH AND GAME COMMISSION
INITIAL STATEMENT OF REASONS FOR REGULATORY ACTION
(Pre-publication of Notice Statement)

Amend Sections 1.74, 5.05, 5.40, 5.60, 7.00, 7.50,
Subsection (c) of Section 43, and subsections (c)(3) and (c)(7) of Section 671,
Title 14, California Code of Regulations
Re: Freshwater Sport Fishing Regulations

I. Date of Initial Statement of Reasons: June 23, 2016

II. Dates and Locations of Scheduled Hearings:

(a) Notice Hearing: Date: August 25, 2016
Location: Folsom

(b) Discussion Hearing: Date: October 20, 2016
Location: Eureka

(c) Adoption Hearing: Date: December 8, 2016
Location: San Diego

III. Description of Regulatory Action:

(a) Statement of Specific Purpose of Regulation Change and Factual Basis for Determining that Regulation Change is Reasonably Necessary:

This Department proposal combines Department and public requests for changes to Title 14, California Code of Regulations (CCR), for the 2016 Sport Fishing Regulations Review Cycle. This proposal will increase fishing opportunities for landlocked salmon, increase protection for listed steelhead, remove regulations that are no longer relevant, update nomenclature for amphibians and reptiles, correct regulations pertaining to combined bag and possession limits for trout and landlocked salmon, clarify the bag and possession limits for trout, and update the sport fishing report card requirements. The proposed regulatory changes are needed to reduce public confusion and improve regulatory enforcement.

The Department is proposing the following changes to current regulations:

Sport Fishing Report Card Requirements

To eliminate public confusion, the Department is proposing to remove outdated requirements for lobster report card when the reporting period was changed in 2013 from annual to a season basis, and update the general sport fishing report

card requirements.

Proposal: Amend Section 1.74, Sport Fishing Report Card Requirements

Repeal outdated requirements to lobster report cards that are no longer applicable and propose minor changes for clarity.

Eastman Lake

The US Army Corps of Engineers is requesting the Department to remove the closure at Eastman Lake because bald eagles are no longer nesting in the closure area. The conditions at the reservoir have changed and the closure is no longer effective or relevant. Water levels have changed so drastically that the location of the buoy line is not consistent with the regulations.

Proposal: Remove Special Fishing Regulations Subsections 7.50(b)(62A) and (62B), Eastman Lake

Removal of the existing closure area will open the lake to fishing year-round.

Reptile and Amphibian Nomenclature Updates

The scientific understanding of the relationships of amphibians and reptiles has changed since the regulations were adopted. The current lists in California Code of Regulations, Title 14, Section 5.05, 5.60, 43(c)(1), 671(c)(3), and 671(c)(7) include some names that are no longer considered valid by the scientific community. In addition, some species that were thought to be only one have been split into two or more species. This can lead to confusion by Law Enforcement and permittees/licensees regarding whether a species is allowed to be possessed or not. An updated list of common and scientific names of amphibians and reptiles was developed to clarify which currently recognized species are represented by the existing names in the sport fishing, native and reptile captive propagation, and restricted species regulations. The proposed changes to 5.05, 5.60, and 43(c)(1) are consistent with the May 2016 version of the Department's "Complete List of Amphibian, Reptile, Bird and Mammal Species in California," available at :

<http://nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=87155>. Nomenclature changes to restricted species in 671 were obtained from the International Union for Conservation of Nature (IUCN, <http://www.iucnredlist.org/>) and in consultation with herpetological experts.

The proposed changes are solely taxonomic and will not result in a change of sport take or restricted status, with the exception of *Batrachoseps pacificus* and *Thamnophis sirtalis* in 5.05 and 5.60, respectively. The latter corrects the accidental omission of San Mateo County from the special closure area, making the closure consistent with the take language, which specifies no *T. s. tetrataenia*, a fully protected species listed as endangered under both the federal and California Endangered Species Acts (ESA and CESA, respectively) may be taken with a sport fishing license. The former interprets the intent of allowing *B.*

pacificus to be taken with sport fishing license. Prior to 2002, *B. pacificus* was considered a very widespread species, ranging from the Central Coast and Channel Islands, Baja California, and the central and southern Sierra Nevada. It was subsequently split into several species, many of which have very small ranges and some of which are species of special concern. Additionally, some of the common species' ranges overlap with those of protected species and are difficult to identify morphologically. *Batrachoseps pacificus*, as it is currently recognized, only occurs on the Channel Islands. The only currently recognized species that is relatively widespread and occurs in an area that does not overlap any currently recognized sensitive *Batrachoseps* spp. and used to be part of the *B. pacificus* complex is *B. major*. Therefore, we propose to replace *B. pacificus* with *B. major*. This change requires inclusion of a special closure to protect *B. major aridus*, which is listed as endangered under ESA and CESA, but it occurs in an area far separated from the rest of the species and any other *Batrachoseps* spp.

Proposal: Update Sections 5.05, 5.60, 43(c)(1), 671(c)(3) and (c)(7), Amphibians, Reptiles, and Restricted Species, respectively

The proposed changes will replace outdated names with valid, currently recognized names and will include the new names of the species that were split, where appropriate.

District General Regulations and Special Fishing Regulations Update for Clarity

To eliminate public confusion and potential enforcement issues, the Department is proposing to further define the bag and possession limits for trout in the District General and Special Fishing regulations sections by adding the word "trout" in the bag and possession limit column in subsections 7.00(a) through (g) and 7.50(b). Updating the tables will provide consistency with the proposed updated text in sections 7.00 and 7.50(a).

Proposal: Amend Subsections (a) through (g) of Section 7.00, District General Regulations, and Subsection (b) of 7.50, Special Fishing Regulations.

Add the word "trout" throughout Section 7.00, subsections (a) through (g), and Section 7.50, subsection (b), to clarify that bag and possession limits are specific to trout, unless stated otherwise.

San Clemente Lake

San Clemente Dam was removed recently (Summer 2015) to provide steelhead unimpeded access upstream. With the removal of the dam no reservoir remains, therefore there is no body of water to list.

Proposal: Amend Special Fishing Regulations subsection (b)(165) of Section 7.50, San Clemente Lake

Remove special regulation for San Clemente Lake.

Los Padres Reservoir

Los Padres Dam has had a fish trap located downstream where adult steelhead are captured and trucked upstream of the dam. A floating fish collector is being constructed in Los Padres Reservoir and was completed in Fall 2015. The fish collector is designed to allow passage downstream of steelhead trout, from kelts to juveniles. Since Los Padres is accessible to steelhead, there should be no take of rainbow trout which, with access to the ocean, can become anadromous. Therefore, given the ability to assume an anadromous form, rainbow trout should not be allowed to be taken. All fish taken should be limited to brown trout.

Proposal: Amend Special Fishing Regulations subsection (b)(105) of Section 7.50, Los Padres Reservoir

Prohibit take of rainbow trout in Los Padres Reservoir to reduce take of listed steelhead.

Las Garzas Creek Tributaries

Allowing a partial fishing season on this Carmel River tributary is inconsistent with other regulations for the Carmel River watershed. Removing this creek would result in consistent regulations in the Carmel River watershed.

Proposal: Amend Special Fishing Regulations subsection (b)(97) of Section 7.50, Las Garzas Creek and tributaries

Remove Las Garzas Creek and its tributaries from the Special Fishing Regulations.

Increase Fishing Opportunity for Landlocked Salmon

Landlocked salmon are stocked into select lakes and reservoirs and are a highly sought after game fish. In the Freshwater Sport Fishing Regulations the statewide daily bag and possession limit is five landlocked salmon in combination. In some reservoirs the landlocked salmon (Kokanee) are abundant, but only obtain a small overall length (<12" TL). Anglers are unsatisfied with only being allowed to take five landlocked salmon per day of this small size. Anglers would like to take and possess more of these small fish each angling day.

To increase angler satisfaction with the landlocked salmon fishery at select waters, the Department proposes an increase to the daily bag and possession limit on select waters. This proposal recommends a daily bag limit increase from five to ten fish per day and possession limit increase from ten to twenty fish, but no more than five can be Chinook salmon. Waters for which the bag and possession limits are recommended for change include: Trinity Lake (Trinity Co.), Lake Pardee (Amador Co.), New Bullards Bar Reservoir (Yuba Co.), Bucks Lake (Plumas Co.), and Scotts Flat Reservoir, Upper (Nevada Co.).

Proposal: Add Subsections (b)(27.5), (b)(130.6), (b)(135.4), (b) 174.1), and (b)(194.6) to Section 7.50, the Special Fishing Regulations
Add Trinity Lake, Lake Pardee, New Bullards Bar Reservoir, Bucks Lake, and Upper Scotts Flat Reservoir to the Special Fishing Regulations with a 10 landlocked salmon daily bag limit and 20 landlocked salmon possession limit.

Clarify New Regulation for Landlocked Salmon

In 2015, the Department created a new definition for landlocked salmon and established a daily bag limit of 5 fish and a possession limit of 10 fish as defined in sections 1.57 and 5.41, respectively. The words “or landlocked” were mistakably added to Section 7.00 and, as a result, the adopted language does not significantly change the original regulation for bag and possession limits. The bag and possession limit for trout and salmon (i.e., now landlocked salmon), is still in combination as opposed to a separate limit for trout and another for landlocked salmon. Also, language in 7.50(a) states “trout and salmon in combination.” This section also needs to be revised as landlocked salmon and Chinook salmon have their own bag and possession limits and are not meant to be combined with trout bag and possession limits. Therefore, the Department is proposing to revise language in sections 7.00 and 7.50 that is incorrect or no longer relevant to the existing sport fishery.

Proposal: Amend Section 7.00, District General Regulations, and subsection (a) of 7.50, Special Fishing Regulations.

Revise the language in both sections to read “daily bag and possession limits, unless otherwise noted, mean the total number of trout.”

Minor Editorial Corrections for Clarity

In addition to the above proposals, minor editorial corrections are proposed to correct typographical errors and to improve regulation clarity.

Benefits of the Proposed Regulations

It is the policy of this state to encourage the conservation, maintenance, and utilization of the living resources of the ocean and inland waters under the jurisdiction and influence of the state for the benefit of all the citizens of the State. In addition, it is the policy of this state to promote the development of local California fisheries in harmony with federal law respecting fishing and the conservation of the living resources of the ocean and inland waters under the jurisdiction and influence of the State. The objectives of this policy include, but are not limited to, the maintenance of sufficient populations of all species of aquatic organisms to ensure their continued existence and the maintenance of a sufficient resource to support a reasonable sport use. Adoption of scientifically-based trout and salmon seasons, size limits, and bag and possession limits provides for the maintenance of sufficient populations of trout and salmon to ensure their continued existence.

The benefits of the proposed regulations are concurrence with Federal law, sustainable management of California's trout and salmon resources, and promotion of businesses that rely on recreational sport fishing in California.

- (b) Authority and Reference Sections from Fish and Game Code for Regulation:

Authority: Sections 200, 202, 205, 215, 220, 240, 315, 316.5, and 2003, Fish and Game Code.

Reference: Sections 200, 205, 206, 215, 220 and 316.5, Fish and Game Code.

- (c) Specific Technology or Equipment Required by Regulatory Change:

None.

- (d) Identification of Reports or Documents Supporting Regulation Change:

May 2016 version of the Department's "Complete List of Amphibian, Reptile, Bird and Mammal Species in California," available at : <http://nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=87155>.

- (e) Public Discussions of Proposed Regulations Prior to Notice Publication:

No public meetings are scheduled prior to the notice publication. The 45-day public notice comment period provides adequate time for review of the proposed changes.

IV. Description of Reasonable Alternatives to Regulatory Action:

- (a) Alternatives to Regulation Change:

No alternatives were identified.

- (b) No Change Alternative:

The no change alternative would leave existing regulations in place.

- (c) Consideration of Alternatives:

In view of information currently possessed, no reasonable alternative considered would be more effective in carrying out the purpose for which the regulation is proposed, would be as effective and less burdensome to affected private persons than the proposed regulation, or would be more cost effective to affected private persons and equally effective in

implementing the statutory policy or other provision of law.

V. Mitigation Measures Required by Regulatory Action:

The proposed regulatory action will have no negative impact on the environment; therefore, no mitigation measures are needed.

VI. Impact of Regulatory Action:

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

(a) Significant Statewide Adverse Economic Impact Directly Affecting Businesses, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action is not anticipated to have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states because the expected impact of the proposed regulations on the amount of fishing activity is anticipated to be minimal relative to recreational angling effort statewide.

(b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The expected impact of the proposed regulations on the amount of fishing activity is anticipated to be minimal relative to recreational angling effort statewide. Therefore the Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing business or the expansion of businesses in California.

The Commission anticipates benefits to the health and welfare of California residents. Providing opportunities for a salmon and trout sport fishery encourages consumption of a nutritious food.

The Commission does not anticipate any non-monetary benefits to worker safety.

The Commission anticipates benefits to the environment by the

sustainable management of California's sport fishing resources.

(c) Cost Impacts on a Representative Private Person or Business:

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:

None.

(e) Nondiscretionary Costs/Savings to Local Agencies:

None.

(f) Programs Mandated on Local Agencies or School Districts:

None.

(g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code:

None.

(h) Effect on Housing Costs:

None.

VII. Economic Impact Assessment:

The proposed regulations will revise and update inland sport fishing regulations starting in 2017. Currently, the seasons, size limits, and bag and possession limits for sport fishing are periodically reviewed by the Department of Fish and Wildlife and the Commission. This set of amendments will increase fishing opportunities for landlocked salmon, remove regulations which are no longer applicable, update nomenclature for amphibians and reptiles, increase protection for listed steelhead, and update the Steelhead Report Card and the Sport Fishing Report Card requirements.

Inland sport fishing regulation's affected parties include recreational anglers, commercial passenger fishing vessels and a variety of businesses that support anglers. The economic impact of regulatory changes for sport fisheries are

estimated by tracking resulting changes in fishing effort, angler trips and length of stay in the fishery areas. Distance traveled affects gas and other travel expenditures. Day trips and overnight trips involve different levels of spending for gas, food and accommodations at area businesses as well as different levels of sales tax impacts. Direct expenditures ripple through the economy, as receiving businesses buy intermediate goods from suppliers that then spend that revenue again. Business spending on wages is received by workers who then spend that income, some of which goes to local businesses. Recreational fisheries spending, thus multiplies throughout the economy with the indirect and induced effects of the initial direct expenditure.

The adoption of scientifically-based regulations provides for the maintenance of sufficient populations of inland sport fish to ensure their continued existence and future sport fishing opportunities that in turn support businesses related to the fishery economy.

The most recent 2011 U.S. Fish and Wildlife national survey of fishing, hunting, and wildlife associated recreation for California reports about 1.35 million resident and nonresident inland sport fish anglers contributed about \$1.2 billion in trip and equipment expenditures to the State's economy. Adding the indirect and induced effects of this \$1.2 billion direct revenue contribution the total economic benefit to California's economy is estimated to be about \$2.03 billion. This corresponds with about \$960 million in total wages to Californians and about 16,000 jobs in the State annually.

This regulatory action may impact businesses that provide services to sport fishermen but these effects are anticipated to range from none to small positive impacts, depending on the regulations ultimately adopted by the Commission. Sport fishing business owners, boat owners, tackle store owners, boat manufacturers, vendors of food, bait, fuel and lodging, and others that provide goods or services to those that sport fish in California may be positively affected to some degree from increases to business that may result under the range of proposed regulations. These anticipated impacts may vary by geographic location. Additionally, economic impacts to these same businesses may result from a number of factors unrelated to the proposed changes to inland sport fishing regulations, including weather, fuel prices, and success rates in other recreational fisheries that compete for angler trips.

(a) Effects of the Regulation on the Creation or Elimination of Jobs Within the State:

The cumulative effects of the changes statewide are estimated to be neutral to job elimination and potentially positive to job creation in California. No significant changes in fishing effort and sport fishing expenditures to businesses are expected as a direct result of the

proposed regulation changes.

(b) Effects of the Regulation on the Creation of New Businesses or the Elimination of Existing Businesses Within the State:

The cumulative effects of the changes statewide are expected to be neutral to business elimination and have potentially positive impacts to the creation of businesses in California. No significant changes in fishing effort and sport fishing expenditures to businesses are expected as a direct result of the proposed regulation changes.

(c) Effects of the Regulation on the Expansion of Businesses Currently Doing Business Within the State:

The cumulative effects of the changes statewide are expected to be neutral to positive to the expansion of businesses currently doing business in California. No significant changes in fishing effort and inland sport fishing expenditures to businesses are expected as a direct result of the proposed regulation changes.

(d) Benefits of the Regulation to the Health and Welfare of California Residents:

The Commission anticipates benefits to the health and welfare of California residents. Trout and salmon are a nutritious food source and increasing inland sport fishery opportunities encourages consumption of this nutritious food. Sport fishing also contributes to increased mental health of its practitioners as fishing is a hobby and form of relaxation for many. Sport fishing also provides opportunities for multi-generational family activities and promotes respect for California's environment by younger generations, the future stewards of California's natural resources.

(e) Benefits of the Regulation to Worker Safety:

The proposed regulations are not anticipated to impact worker safety conditions.

(f) Benefits of the Regulation to the State's Environment:

It is the policy of the state to encourage the conservation, maintenance, and utilization of the living resources of the inland waters under the jurisdiction and influence of the state for the benefit of all its citizens and to promote the development of local California fisheries. The objectives of this policy include, but are not limited to, the maintenance of sufficient populations of all species of aquatic organisms to ensure their continued

existence and the maintenance of a sufficient resource to support a reasonable sport use, taking into consideration the necessity of regulating individual sport fishery bag limits in the quantity that is sufficient to provide a satisfying sport. Adoption of scientifically-based inland trout and salmon seasons, size limits, and bag and possession limits provides for the maintenance of sufficient populations of trout and salmon to ensure their continued existence.

Informative Digest/Policy Statement Overview

This Department proposal combines Department and public requests for changes to Title 14, California Code of Regulations (CCR), for the 2016 Sport Fishing Regulations Review Cycle. This proposal will increase fishing opportunities for landlocked salmon, increase protection for listed steelhead, remove regulations that are no longer relevant, update nomenclature for amphibians and reptiles, correct regulations pertaining to combined bag and possession limits for trout and landlocked salmon, clarify the bag and possession limits for trout, and update the sport fishing report card requirements. The proposed regulatory changes are needed to reduce public confusion and improve regulatory enforcement.

The Department is proposing the following changes to current regulations:

Sport Fishing Report Card Requirements

To eliminate public confusion, the Department is proposing to remove outdated requirements for lobster report card when the reporting period was changed in 2013 from annual to a season basis, and update the general sport fishing report card requirements.

Proposal: Amend Section 1.74, Sport Fishing Report Card Requirements

Repeal outdated requirements to lobster report cards that are no longer applicable and propose minor changes for clarity.

Eastman Lake

The US Army Corps of Engineers is requesting the Department to remove the closure at Eastman Lake because bald eagles are no longer nesting in the closure area. The conditions at the reservoir have changed and the closure is no longer effective or relevant. Water levels have changed so drastically that the location of the buoy line is not consistent with the regulations.

Proposal: Remove Special Fishing Regulations Subsections 7.50(b)(62A) and (62B), Eastman Lake

Removal of the existing closure area will open the lake to fishing year-round.

Reptile and Amphibian Nomenclature Updates

The scientific understanding of the relationships of amphibians and reptiles has changed since the regulations were adopted. The current lists in California Code of Regulations, Title 14, Section 5.05, 5.60, 43(c)(1), 671(c)(3), and 671(c)(7) include some names that are no longer considered valid by the scientific community. In addition, some species that were thought to be only one have been split into two or more species. This can lead to confusion by Law Enforcement and permittees/licensees regarding whether a species is allowed to be possessed or not. An updated list of common and scientific names of amphibians and reptiles was developed to clarify which currently recognized species are represented by the existing names in the sport fishing, native reptile captive propagation, and restricted species regulations. The proposed

changes to 5.05, 5.60, and 43(c)(1) are consistent with the May 2016 version of the Department's "Complete List of Amphibian, Reptile, Bird and Mammal Species in California," available at : <http://nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=87155>. Nomenclature changes to restricted species in 671 were obtained from the International Union for Conservation of Nature (IUCN, <http://www.iucnredlist.org/>) and in consultation with herpetological experts.

The proposed changes are solely taxonomic and will not result in a change of sport take or restricted status, with the exception of *Batrachoseps pacificus* and *Thamnophis sirtalis* in 5.05 and 5.60, respectively. The latter corrects the accidental omission of San Mateo County from the special closure area, making the closure consistent with the take language, which specifies no *T. s. tetrataenia*, a fully protected species listed as endangered under both the federal and California Endangered Species Acts (ESA and CESA, respectively) may be taken with a sport fishing license. The former interprets the intent of allowing *B. pacificus* to be taken with sport fishing license. Prior to 2002, *B. pacificus* was considered a very widespread species, ranging from the Central Coast and Channel Islands, Baja California, and the central and southern Sierra Nevada. It was subsequently split into several species, many of which have very small ranges and some of which are species of special concern. Additionally, some of the common species' ranges overlap with those of protected species and are difficult to identify morphologically. *Batrachoseps pacificus*, as it is currently recognized, only occurs on the Channel Islands. The only currently recognized species that is relatively widespread and occurs in an area that does not overlap any currently recognized sensitive *Batrachoseps* spp. and used to be part of the *B. pacificus* complex is *B. major*. Therefore, we propose to replace *B. pacificus* with *B. major*. This change requires inclusion of a special closure to protect *B. major aridus*, which is listed as endangered under ESA and CESA, but it occurs in an area far separated from the rest of the species and any other *Batrachoseps* spp.

Proposal: Update Sections 5.05, 5.60, 43(c)(1), 671(c)(3) and (c)(7), Amphibians, Reptiles, and Restricted Species, respectively

The proposed changes will replace outdated names with valid, currently recognized names and will include the new names of the species that were split, where appropriate.

District General Regulations and Special Fishing Regulations Update for Clarity

To eliminate public confusion and potential enforcement issues, the Department is proposing to further define the bag and possession limits for trout in the District General and Special Fishing regulations sections by adding the word "trout" in the bag and possession limit column in subsections 7.00(a) through (g) and 7.50(b). Updating the tables will provide consistency with the proposed updated text in sections 7.00 and 7.50(a).

Proposal: Amend Subsections (a) through (g) of Section 7.00, District General Regulations, and Subsection (b) of 7.50, Special Fishing Regulations,

Add the word "trout" throughout Section 7.00, subsections (a) through (g), and Section

7.50, subsection (b), to clarify that bag and possession limits are specific to trout, unless stated otherwise.

San Clemente Lake

San Clemente Dam was removed recently (Summer 2015) to provide unimpeded steelhead access upstream. With the removal of the dam no reservoir remains, therefore there is no body of water to list.

Proposal: Amend Special Fishing Regulations subsection (b)(165) of Section 7.50, San Clemente Lake

Remove special regulation for San Clemente Lake.

Los Padres Reservoir

Los Padres Dam has had a fish trap located downstream where adult steelhead are captured and trucked upstream of the dam. A floating fish collector is being constructed in Los Padres Reservoir and will be completed in Fall 2015. The fish collector is designed to allow passage downstream of steelhead trout, from kelts to juveniles.

Since Los Padres is accessible to steelhead, there should be no take of rainbow trout which, with access to the ocean, can become anadromous. Therefore, given the ability to assume an anadromous form, rainbow trout should not be allowed to be taken. All fish taken should be limited to brown trout.

Proposal: Amend Special Fishing Regulations subsection (b)(105) of Section 7.50, Los Padres Reservoir

Prohibit take of rainbow trout in Los Padres Reservoir to reduce take of listed steelhead.

Las Garzas Creek Tributaries

Allowing a partial fishing season on this Carmel River tributary is inconsistent with other regulations for the Carmel River watershed. Removing this creek would result in consistent regulations in the Carmel River watershed.

Proposal: Amend Special Fishing Regulations subsection (b)(97) of Section 7.50, Las Garzas Creek and Tributaries

Remove Las Garzas Creek and its tributaries from the Special Fishing Regulations.

Increase Fishing Opportunity for Landlocked Salmon

Landlocked salmon are stocked into select lakes and reservoirs and are a highly sought after game fish. In the Freshwater Sport Fishing Regulations the statewide daily bag and possession limit is five landlocked salmon in combination. In some reservoirs the landlocked salmon (Kokanee) are abundant, but only obtain a small overall length (<12" TL). Anglers are unsatisfied with only being allowed to take five landlocked salmon per day of this small size. Anglers would like to take and possess more of these small fish each angling day.

To increase angler satisfaction with the landlocked salmon fishery at select waters, the

Department proposes an increase to the daily bag and possession limit on select waters. This proposal recommends a daily bag limit increase from five to ten fish per day and possession limit increase from ten to twenty fish, but no more than five can be Chinook salmon. Waters for which the bag and possession limits are recommended for change include: Trinity Lake (Trinity Co.), Lake Pardee (Amador Co.), New Bullards Bar Reservoir (Yuba Co.), Bucks Lake (Plumas Co.), and Scotts Flat Reservoir, Upper (Nevada Co.).

Proposal: Add Subsections (b)(27.5), (b)(130.6), (b)(135.4), (b) 174.1), and (b)(194.6) to Section 7.50, Special Fishing Regulations

Add Trinity Lake, Lake Pardee, New Bullards Bar Reservoir, Bucks Lake, and Upper Scotts Flat Reservoir to the Special Fishing Regulations with a 10 landlocked salmon daily bag limit and 20 landlocked salmon possession limit.

Clarify New Regulation for Landlocked Salmon

In 2015, the Department created a new definition for landlocked salmon and established a daily bag limit of 5 fish and a possession limit of 10 fish as defined in sections 1.57 and 5.41, respectively. The words “or landlocked” were mistakenly added to Section 7.00 and, as a result, the adopted language does not significantly change the original regulation for bag and possession limits. The bag and possession limit for trout and salmon (i.e., now landlocked salmon), is still in combination as opposed to a separate limit for trout and another for landlocked salmon. Also, language in 7.50(a) states “trout and salmon in combination.” This section also needs to be revised as landlocked salmon and Chinook salmon have their own bag and possession limits and are not meant to be combined with trout bag and possession limits. Therefore, the Department is proposing to revise language in 7.00 and 7.50 that is incorrect or no longer relevant to the existing sport fishery.

Proposal: Amend Section 7.00, District General Regulations, and subsection (a) of 7.50, Special Fishing Regulations.

Revise the language in both sections to read “daily bag and possession limits, unless otherwise noted, mean the total number of trout.”

Minor Editorial Corrections for Clarity

In addition to the above proposals, minor editorial corrections are proposed to correct typographical errors and to improve regulation clarity.

Benefits of the Proposed Regulations

It is the policy of this state to encourage the conservation, maintenance, and utilization of the living resources of the ocean and inland waters under the jurisdiction and influence of the state for the benefit of all the citizens of the State. In addition, it is the policy of this state to promote the development of local California fisheries in harmony with federal law respecting fishing and the conservation of the living resources of the ocean and inland waters under the jurisdiction and influence of the State. The objectives of this policy include, but are not limited to, the maintenance of sufficient

populations of all species of aquatic organisms to ensure their continued existence and the maintenance of a sufficient resource to support a reasonable sport use. Adoption of scientifically-based trout and salmon seasons, size limits, and bag and possession limits provides for the maintenance of sufficient populations of trout and salmon to ensure their continued existence.

The benefits of the proposed regulations are concurrence with Federal law, sustainable management of California's trout and salmon resources, and promotion of businesses that rely on recreational sport fishing in California.

Regulatory Language

Section 1.74, Title 14, CCR, is amended as follows:

§1.74. Sport Fishing Report Card Requirements.

(a) Purpose. These regulations are designed to improve recreational fishing effort and catch information in some or all areas where the fisheries operate. Many of these species are of high commercial value, and therefore, additional enforcement mechanisms are needed to improve compliance with existing bag limits and other regulations, and to reduce the potential for poaching.

(b) Report card requirements apply to any person fishing for or taking the following species regardless of whether a sport fishing license is required:

(1) Salmon, in the anadromous waters of the Klamath, Trinity, and Smith river basins. Anadromous waters are defined in Section 1.04 of these regulations.

(2) Steelhead trout.

(3) White sturgeon.

(4) Red abalone.

(5) California spiny lobster.

(c) General Report Card Requirements.

(1) Any person fishing for or taking any of the species identified in this Section shall have in his immediate possession a valid non-transferable report card issued by the department for the particular species. See special exemption regarding possession of report cards for lobster divers in Section 29.91 of these regulations.

(2) All entries made on any report card or tag shall be legible and in indelible ink.

(3) A report card holder fishing with a one, two, or ten-day sport fishing license, may replace the expired fishing license without purchasing a new report card so long as the report card is still valid.

(4) Report cards are not transferable and shall not be transferred to another person. No person shall possess any report card other than his own.

(5) ~~Only~~ A person may only obtain one abalone report card and one sturgeon report card ~~may be issued per person per report card period.~~

(6) Any report card holder who fills in all available lines on his steelhead, salmon or lobster report card shall return or report the card to the department pursuant to subsection 1.74(e) prior to purchasing a second card.

(7) Data recording and tagging procedures vary between report cards and species. See specific regulations in sections 5.79, 5.87, 5.88, 27.92, 29.16, and 29.91 that apply in addition to the regulations of this Section.

(d) Report Card Return and Reporting Requirements

(1) Report card holders shall return or report their salmon, steelhead, sturgeon, or abalone report cards to the department pursuant to subsection 1.74(e) by January 31 of the following year.

(A) Any ~~person~~ report card holder who fails to return or report his salmon, steelhead, sturgeon, or abalone report card to the department by the deadline may be restricted from obtaining the same card in a subsequent license year or may be subject to an

additional fee for the issuance of the same card in a subsequent license year.

~~(2) Report card holders shall return or report their lobster report cards purchased on or before July 31, 2013 pursuant to subsection 1.74(e) by January 31 of the following year.~~

~~(3) Report card holders shall return or report their lobster report cards purchased after July 31, 2013 pursuant to subsection 1.74(e) by April 30 following the close of the lobster season specified on the card for which the card was issued.~~

(A) Any report card holder who fails to return or report his or her lobster report card ~~purchased after July 31, 2013~~ by April 30 following the close of the lobster season specified on the card shall be subject to a nonrefundable non-return fee specified in Section 701, in addition to the annual report card fee, for the issuance of a lobster report card in the subsequent fishing season.

(e) Report Card Return and Reporting Mechanisms:

(1) By mail or in person at the address specified on the card. A report card returned by mail shall be postmarked by the date applicable to that card as specified in subsection ~~1.74(d)(1), 1.74(d)(2), or 1.74(d)(3)~~ 1.74(d)(1) or 1.74(d)(2).

(2) Online through the department's ~~internet~~ license sales service website by the date applicable to that card as specified in subsection ~~1.74(d)(1), 1.74(d)(2), or 1.74(d)(3)~~ 1.74(d)(1) or 1.74(d)(2).

(3) If a report card is submitted by mail and not received by the department, it is considered not returned unless the ~~individual~~ report card holder reports his or her report card as lost pursuant to subsection 1.74(f).

(f) Lost report cards.

(1) Any report card holder who loses his report card shall submit an affidavit, signed under penalty of perjury, in person to a department license sales office containing all of the following information:

(A) A statement containing the report card holder's full name confirming that the originally issued report card cannot be recovered.

(B) A statement containing the report card holder's best recollection of the prior catch records that were entered on the report card that was lost.

(C) A statement describing the factual circumstances surrounding the loss of the card.

(2) An ~~Affidavit~~ affidavit for a lost report card shall be presented at a department license sales office, by the date applicable to that card specified in subsection ~~1.74(d)(1), 1.74(d)(2), or 1.74(d)(3)~~ 1.74(d)(1) or 1.74(d)(2) to be considered returned.

(3) Notwithstanding subsection 1.74(c)(5), any report card holder who loses his report card during the period for which it is valid may replace the lost report card by submitting an affidavit as described in subsection 1.74(f)(1) and payment of the report card fee and replacement processing fee specified in Section 701.

(A) Based on the information provided in the written affidavit for abalone and sturgeon report cards, the department shall issue only the number of tags that were reported unused on the previously issued report card.

Note: Authority cited: Sections 200, 202, 205, 220, 1050, 1053.1, 1055.1 and 7380, Fish and Game Code. Reference: Sections 200, 202, 205, 206, 220, 713, 1050, 1053.1, 1055.1, 7149.8, 7380, 7381 and 7382, Fish and Game Code.

Section 5.05, Title 14, CCR, is amended as follows:

§5.05. Amphibians.

(a) Only the following amphibians may be taken under the authority of a sportfishing license, subject to the restrictions in this section. No amphibians may be taken from ecological reserves designated by the commission in Section 630 or from state parks, or national parks or monuments.

(b) Limit: The limit for each of the species listed below is four, unless otherwise provided. Limit, as used in this section, means daily bag and possession limit.

(1) Pacific Coastal giant salamander (*Dicamptodon tenebrosus*)

(2) Rough-skinned newt (*Taricha granulosa*)

(3) Northwestern salamander (*Ambystoma gracile*)

(4) Black salamander (*Aneides flavipunctatus*), except Santa Cruz black salamander (*Aneides flavipunctatus niger*): See Special Closure (f)(1)

(5) Clouded salamander (*Aneides ferreus*)

(6) Wandering salamander (*Aneides vagrans*)

(~~6~~7) Arboreal salamander (*Aneides lugubris*)

(~~7~~8) California slender salamander (*Batrachoseps attenuatus*)

(~~8~~9) Pacific Southern California slender salamander (*Batrachoseps pacificus*)~~major~~, except desert slender salamander (*Batrachoseps major aridus*): See Special Closure (f)(2)

(~~9~~10) Dunn's salamander (*Plethodon dunni*)

(~~10~~11) ~~Ensatina salamander (*Ensatina eschscholtzii*)~~

(~~11~~12) Western toad (~~*Bufo*~~*Anaxyrus boreas*)

(~~12~~13) Woodhouse's toad (~~*Bufo*~~*Anaxyrus woodhouseii*)

(~~13~~14) Red-spotted toad (~~*Bufo*~~*Anaxyrus punctatus*)

(~~14~~15) Great Plains toad (~~*Bufo*~~*Anaxyrus cognatus*)

(~~15~~16) Great Basin spadefoot toad (~~*Spea*~~ (~~*Scaphiopus*~~) *intermontana*)

(~~16~~17) California chorus treefrog (~~*Pseudacris*~~ (~~*Hyla*~~) *cadaverina*)

(~~17~~18) Pacific chorus treefrog (~~*Pseudacris*~~ (~~*Hyla*~~) *regilla*)

(19) Baja California treefrog (*Pseudacris hypochondriaca*)

(20) Sierran treefrog (*Pseudacris sierra*)

(~~18~~21) Southern leopard frog (~~*Rana*~~ (~~*Lithobates*~~) *sphenocephalus*): Limit: No limit.

(~~19~~22) Rio Grande leopard frog (~~*Rana*~~ (~~*Lithobates*~~) *berlandieri*): Limit: No limit.

(~~20~~23) American Bullfrog ~~bullfrog~~ (~~*Rana*~~ (~~*Lithobates*~~) *catesbeiana*~~us~~): Limit: No limit

(c) Open season: All year. The season closures in Chapter 3 (District Trout and Salmon District General Regulations and Special Regulations) do not apply to fishing for amphibians with methods other than hook and line (see sections 7.00 and 7.50(a)(~~23~~)).

(d) Hours: Amphibians may be taken at any time of day or night.

(e) Methods of take:

(1) Amphibians may be taken only by hand, hand-held dip net, or hook and line, except bullfrogs may also be taken by lights, spears, gigs, grabs, paddles, bow and arrow, or fishing tackle.

(2) It is unlawful to use any method or means of collecting that involves breaking apart

of rocks, granite flakes, logs, or other shelters in or under which amphibians may be found.

(f) Special closures:

(1) No black salamanders (*Aneides flavipunctatus*) may be taken in San Mateo, Santa Clara, and Santa Cruz counties.

(2) No Southern California slender salamanders (*Batrachoseps major*) may be taken from the Santa Rosa Mountains in Riverside County.

Note: Authority cited: Sections 200, 202, 205, 210, 219 and 220, Fish and Game Code.

Reference: Sections 200, 201, 202, 203.1, 205 and 220, Fish and Game Code.

Section 5.20, Title 14, CCR, is amended as follows:

§5.20. Clams, Freshwater.

(a) Open season: All year, except for closures listed under special regulations.

(b) Limit: Fifty pounds (in the shell).

(c) Methods of take: Freshwater clams may be taken only by hand, or by spade, shovel, hoe, rake or other appliance operated by hand.

(d) The season closures in Chapter 3 (District Trout and Salmon Special Regulations) do not apply to freshwater Clam fishing (see sections 7.00 and 7.50(a)(~~23~~)).

Note: Authority cited: Sections 200, 202, 205, 210, 219 and 220, Fish and Game Code.

Reference: Sections 200-202, 203.1, 205-210 and 215-222, Fish and Game Code.

Section 5.35, Title 14, CCR, is amended as follows:

§5.35. Crayfish.

(a) Open season: All year, except for closures listed in subsection (d) of this Section.

(b) Limit: No limit.

(c) Methods of take: Crayfish may be taken only by hand, hook and line, dip net or with traps not over three feet in greatest dimension. Any other species taken shall be returned to the water immediately. Traps need not be closely attended.

(d) Closures for Protection of Shasta Crayfish: Fall River upstream of Spring Creek Bridge, Lava Creek, Tule River and all connected waters upstream of Little Tule River, Sucker Springs Creek, Crystal Lake, Rising River and Rising River Lake are closed to take and possession of crayfish. (See Section 4.30 for prohibition against crayfish use for bait in sections of the Pit River).

(e) The season closures in Chapter 3 (District Trout and Salmon Special Regulations) do not apply to crayfish fishing with methods other than hook and line (see sections 7.00 and 7.50(a)(~~23~~)).

Note: Authority cited: Sections 200, 202, 205, 215 and 8491, Fish and Game Code.

Reference: Sections 200, 202, 205, 206, 8490 and 8491, Fish and Game Code.

Section 5.40, Title 14, CCR, is amended as follows:

§5.40. Lamprey.

- (a) Open season: All year, except for closures listed under district or special regulations.
- (b) Limit: 5.
- (c) Methods of take: Lamprey may be taken only by hand, hook and line, spear, bow and arrow fishing tackle, or dip net.
- (d) The season closures in Chapter 3 (District Trout and Salmon Special Regulations) do not apply to lamprey fishing with methods other than hook and line (see sections 7.00 and 7.50(a)(23)).

Note: Authority cited: Sections 200, 202 and 205, Fish and Game Code. Reference: Sections 200, 202 and 205, Fish and Game Code.

Section 5.60, Title 14, CCR, is amended as follows:

§5.60. Reptiles.

(a) Only the following reptiles may be taken under the authority of a sportfishing license, subject to the restrictions in this section. No sportfishing license is required for the sport take of any rattlesnake, but bag and possession limits do apply. No reptiles shall be taken from ecological reserves designated by the commission in Section 630 or from state parks, or national parks or monuments.

(b) Limit: The limit for each of the species listed below is two, unless otherwise provided. Limit, as used in this section, means daily bag and possession limit.

(1) Painted turtle (*Chrysemys picta*): Limit: No limit.

(2) Pond Slider ~~Turtles~~ slider (*Pseudemys (Trachemys) scripta*): Limit: No limit.

(3) Spiny softshell turtle (~~*Trionyx (Apalone) spiniferus (spinifera)*~~) (*Apalone spinifera*): Limit: No limit.

(4) Western banded gecko (*Coleonyx variegatus*), except San Diego banded gecko (*Coleonyx variegatus abbotti*): See Special Closure (f)(1)

(5) Desert iguana (*Dipsosaurus dorsalis*)

(6) Common chuckwalla (*Sauromalus ~~obesus (ater) ater~~*)

(7) Zebra-tailed lizard (*Callisaurus draconoides*)

(8) Desert spiny lizard (*Sceloporus magister*)

(9) Granite spiny lizard (*Sceloporus orcutti*)

(10) Western fence lizard (*Sceloporus occidentalis*): Limit: Species No. 10-14 have a limit of twenty-five (25) in the aggregate

(11) ~~Sagebrush~~ Common sagebrush lizard (*Sceloporus graciosus*): Limit: Species No. 10-14 have a limit of twenty-five (25) in the aggregate

(12) ~~Side~~ Common side-blotched lizard (*Uta stansburiana*): Limit: Species No. 10-14 have a limit of twenty-five (25) in the aggregate

(13) Western skink (~~*Eumeces*~~ *Plestiodon skiltonianus*): Limit: Species No. 10-14 have a limit of twenty-five (25) in the aggregate

(14) Desert night lizard (*Xantusia vigilis*), except Sierra night lizard (*Xantusia (vigilis) sierrae*): See Special Closure (f)(2): Limit: Species No. 10-14 have a limit of twenty-five (25) in the aggregate

(15) Long-tailed brush lizard (*Urosaurus graciosus*)

- (16) ~~Tree~~Ornate tree lizard (*Urosaurus ornatus*)
- (17) ~~Small-scaled~~Baja California brush lizard (*Urosaurus microscutatusnigricaudus*)
- (18) Desert horned lizard (*Phrynosoma platyrhinos*)
- (19) ~~Short~~Pygmy short-horned lizard (*Phrynosoma douglassii*)
- (20) ~~Great basin~~Basin collared lizard (*Crotaphytus bicinctores*)
- (21) ~~Banded~~Mearns' rock lizard (*Petrosaurus mearnsi*)
- (22) Baja California collared lizard (*Crotaphytus vestigium*)
- (23) Long-nosed leopard lizard (*Gambelia wislizenii*)
- (24) Gilbert's skink (~~Eumeces~~ (~~Plestion~~) Plestiodon gilberti)
- (25) ~~Western~~Tiger whiptail (~~Cnemidophorus~~ (~~Aspidoscelis~~) Aspidoscelis tigris)
- (26) Southern alligator lizard (*Elgaria multicarinata*)
- (27) Northern alligator lizard (*Elgaria coerulea*)
- (28) ~~Rubber~~Northern rubber boa (*Charina bottae*), ~~except southern rubber boa~~ (~~Charina bottae umbratica~~): See Special Closure (f)(3)
- (29) ~~Rosy~~Northern three-lined boa (*Lichanura trivirgataorcutti*)
- (30) ~~Ringneck~~Ring-necked snake (*Diadophis punctatus*), except Regal ring-necked snake (*Diadophis punctatus regalis*): See Special Closure (f)(4)
- (31) ~~Sharp~~Common sharp-tailed snakes (*Contia spp.tenuis*)
- (32) Forest sharp-tailed snake (*Contia longicauda*)
- (3233) ~~Spotted leaf-nosed snake~~ (*Phyllorhynchus decurtatus*)
- (3334) North American Racer (*Coluber constrictor*)
- (3435) ~~Coachwhip~~ (~~Masticophis~~ (~~Coluber~~) Coluber flagellum), except San Joaquin Coachwhip (Coluber (Masticophis) flagellum ruddocki): See Special Closure (f)(5)
- (3536) ~~Striped whipsnake~~ (~~Masticophis~~ (~~Coluber~~) Coluber taeniatus)
- (3637) ~~California whipsnake (striped racer)~~ (~~Masticophis~~ (~~Coluber~~) Striped racer (Coluber lateralis), except Alameda striped racer (whipsnake) (Coluber (Masticophis) lateralis euryxanthus): See Special Closure (f)(6)
- (3738) ~~Western~~ (~~Desert~~) patch-nosed snake (*Salvadora hexalepis*), except coast patch-nosed snake (*Salvadora hexalepis virgultea*): See Special Closure (f)(7)
- (3839) ~~Glossy snake~~ (*Arizona elegans*), except California glossy snake (*Arizona elegans occidentalis*): See Special Closure (f)(8)
- (3940) ~~Gopher snake~~Gophersnake (*Pituophis melanoleucuscatenifer*): Limit: Four (4)
- (4041) ~~Common~~ California kingsnake (*Lampropeltis getulacaliforniae*): Limit: Four (4)
- (4442) ~~California mountain kingsnake~~ (*Lampropeltis zonata*), except San Diego mountain kingsnake (*Lampropeltis zonata pulchra*) and San Bernardino mountain kingsnake (*Lampropeltis zonata parvirubra*): Limit: One (1). See Special Closure: (f)(9)
- (4243) ~~Long-nosed snake~~ (*Rhinocheilus lecontei*)
- (4344) ~~Common garter snake~~gartersnake (*Thamnophis sirtalis*), except San Francisco ~~garter snake~~gartersnake (*Thamnophis sirtalis tetrataenia*) and South Coast ~~garter snake~~gartersnake (*Thamnophis sirtalis* spp.): See Special Closure (f)(10)
- (4445) ~~Terrestrial garter snake~~gartersnake (*Thamnophis elegans*)
- (4546) ~~Western aquatic~~ (~~Sierra~~) ~~garter snake~~gartersnake (*Thamnophis couchii*)
- (4647) ~~Pacific coast aquatic~~Aquatic garter snakegartersnake (*Thamnophis atratus*)
- (4748) ~~Northwestern garter snake~~gartersnake (*Thamnophis ordinoides*)
- (4849) ~~Checkered garter snake~~gartersnake (*Thamnophis marcianus*)

- (4950) Variable Western ground snake groundsnake (*Sonora semiannulata*)
- (5051) Western shovel-nosed snake (*Chionactis occipitalis*)
- (5152) California (Western) black-headed snake (*Tantilla planiceps*)
- (5253) Southwestern (Smith's) black-headed snake (*Tantilla hobartsmithi*)
- (5354) Sonoran lyresnake Lyre snakes (*Trimorphodon biscutatus lambda*)
- (55) California lyresnake (*Trimorphodon lyrophanes*)
- (5456) Desert nightsnake Night snakes (*Hypsiglena spp. chlorophaea*)
- (57) Coast nightsnake (*Hypsiglena ochrorhyncha*)
- (5558) Western blind snake (Southwestern threadsnake) (*Leptotyphlops (Rena) humilis*)
- (5659) Western diamondback diamond-backed rattlesnake (*Crotalus atrox*)
- (5760) Mojave Mohave rattlesnake (*Crotalus scutulatus*)
- (5861) Western rattlesnakes (*Crotalus viridus (oreganus) spp.*)
- (5962) Speckled rattlesnake (*Crotalus mitchellii*)
- (6063) Sidewinders (*Crotalus cerastes spp.*)
- (6164) Panamint rattlesnake (*Crotalus stephensi*)
- (6265) Red diamond rattlesnake (*Crotalus ruber*): Limit: Zero (0)
- (c) Open season: All year.
- (d) Hours: Reptiles may be taken at any time of day or night.
- (e) Methods of take:
- (1) Reptiles may be taken only by hand, except as provided in subsections (e)(2) and (3) below, or by the following hand-operated devices:
- (A) Lizard nooses.
- (B) Snake tongs.
- (C) Snake hooks.
- (2) Rattlesnakes may be taken by any method.
- (3) Turtles may be taken by hook and line. Fishing methods described in Section 2.00 apply to the take of spiny softshell turtles, slider turtles and painted turtles.
- (4) It is unlawful to use any method or means of collecting that involves breaking apart of rocks, granite flakes, logs or other shelters in or under which reptiles may be found.
- (f) Special Closures:
- (1) No geckos (*Coleonyx variegatus*) may be taken in San Diego County south and west of Highway 79 to its junction with County Road S-2, and south and west of County Road S-2 to the eastern San Diego County border.
- (2) No night lizards (*Xantusia vigilis*) may be taken in Kern County.
- (2)(3) No rubber boas (*Charina bottae* or *Charina umbratica*) may be taken in Kern, Los Angeles, Riverside, and San Bernardino counties.
- (3) No night lizards (*Xantusia vigilis*) may be taken in Kern County.
- (4) No ring-necked ring-necked snakes (*Diadophis punctatus*) may be taken in San Bernardino ~~or~~ and Inyo counties.
- (5) No coachwhips (~~*Masticophis (Coluber) flagellum*~~) may be taken in the following counties: Alameda, Contra Costa, Fresno, Kern, Kings, Merced, Monterey, San Benito, San Joaquin, San Luis Obispo, Santa Barbara, Stanislaus, and Tulare.
- (6) No California whipsnakes (striped racers) (~~*Masticophis (Coluber) lateralis*~~) may be taken in Alameda and Contra Costa counties.
- (7) No Western (desert) patch-nosed snakes (*Salvadora hexalepis*) may be taken in the

following counties: Los Angeles, Orange, Riverside, San Bernardino, San Diego, San Luis Obispo, Santa Barbara, and Ventura.

(8) No glossy snakes (*Arizona elegans*) may be taken in the following counties: Alameda, Fresno, Imperial (west of Hwy 111), Kern, Los Angeles, Riverside (southwest of Hwy 111 and I-10), San Benito, San Bernardino (West of I-215 and Hwy 138), San Diego, San Joaquin, San Luis Obispo, Santa Barbara, Santa Clara and Tulare.

(9) No California mountain kingsnakes (*Lampropeltis zonata*) may be taken in Imperial, Los Angeles, Orange, Riverside, San Bernardino, San Diego, and Ventura counties.

(10) No common ~~garter snakes~~ gartersnakes (*Thamnophis sirtalis*) may be taken in ~~Los Angeles~~ San Mateo, Los Angeles, Orange, Riverside, San Diego, and Ventura counties.

Note: Authority cited: Sections 200, 202, 205, 210, 219 and 220, Fish and Game Code. Reference: Sections 200, 201, 202, 203.1, 205 and 220, Fish and Game Code.

Section 7.00, Title 14, CCR, is amended as follows:

§7.00. District General Regulations.

Unless otherwise provided, waters shown as open to trout fishing in subsections (a) through (g) below, are open to fishing for other species. Gear restrictions listed in this section apply to the take of all species of fish unless otherwise noted. Every body of water listed in subsections (a) through (g) of Section 7.00 (below) is closed to all fishing, except during the open season as shown. Unless otherwise provided, waters closed to trout fishing are closed to fishing for all other species, except that these closures do not apply to fishing for amphibians (see Section 5.05), freshwater clams (see Section 5.20), crayfish (see Section 5.35), and lamprey (see Section 5.40), using legal fishing methods other than hook-and-line fishing, and saltwater clams, crabs, ghost shrimp, and blue mud shrimp (see Ocean Regulations Booklet Sections 29.20 to 29.87). Crabs may only be taken using hoop nets or by hand, and Dungeness crab may only be taken within the North Coast District and Sonoma and Mendocino counties.

Daily bag and possession limits, unless otherwise provided, mean the total number of trout ~~or landlocked salmon in combination~~. Unless otherwise provided, no more than one daily bag limit may be possessed. Coho (silver) salmon may not be taken in any of the waters of the State, except in Lake Oroville and Oroville-Thermalito Complex (Diversion Pool, Forebay, and Afterbay) and the Feather River from the Diversion Pool Dam to the Fish Barrier Dam. Incidentally hooked Coho (silver) salmon, except those in Lake Oroville and Oroville-Thermalito Complex (Diversion Pool, Forebay, and Afterbay) and the Feather River from the Diversion Pool Dam to the Fish Barrier Dam, must be immediately released unharmed to the waters where they are hooked. In waters where the bag limit for trout is zero, fish for which the bag limit is zero must be released unharmed, and should not be removed from the water.

These waters may also be subject to restrictions on fishing methods and gear (sections 2.00 through 2.45), fishing hours (section 3.00), and the use of bait (sections 4.00 through 4.30).

<i>District/Water</i>	<i>Open Season</i>	<i>Daily Bag and Possession Limit</i>
(a) North Coast District		
(1) All lakes and reservoirs except those listed by name in the Special Regulations.	All year.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(2) Anadromous waters of the Klamath and Trinity River Systems, and those entering the ocean south of Humboldt Bay, which are not listed in the Special Regulations.	Closed to all fishing all year.	
(3) All anadromous waters tributary to Humboldt Bay, and north of Humboldt Bay, except those of the Klamath and Trinity river systems and those listed by name in the Special Regulations.	Fourth Saturday in May through Oct. 31. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead* 4 hatchery trout or hatchery steelhead* in possession. Closed to the take of salmon.
(4) All streams except anadromous waters and those listed by name in the Special Regulations.	Last Saturday in Apr. through Nov. 15.	5 trout per day, 10 <u>trout</u> in possession.

(NOTE: A list of the non-anadromous waters opened to trout fishing (STREAMS AND PORTIONS OF STREAMS NOT LISTED IN THE SPECIAL REGULATIONS THAT ARE OPEN TO TROUT FISHING FROM THE LAST SATURDAY IN APRIL THROUGH NOVEMBER 15 (New 6-12-98), which is incorporated by reference herein) is available from the Department's Region 1 Office, 601 Locust Street, Redding, CA 96001 (Telephone: (530) 225-2300).

(5) SPECIAL BROOK TROUT BONUS BAG AND POSSESSION LIMIT: UP TO 10 BROOK TROUT PER DAY LESS THAN 8 INCHES TOTAL LENGTH MAY BE TAKEN AND POSSESSED IN ADDITION TO THE OTHER DAILY BAG AND POSSESSION LIMITS SPECIFIED FOR THE NORTH COAST DISTRICT

(b) Sierra District

<p>(1) Anadromous waters of Tehama and Shasta counties not listed in the Special Regulations. (Section 7.50). (See subsections (b)(156) and (b)(156.5) of Section 7.50, regarding the Sacramento River.)</p>	<p>Last Saturday in Apr. through Nov. 15. Only artificial lures and barbless hooks may be used.</p>	<p>2 hatchery trout or hatchery steelhead* 4 hatchery trout or hatchery steelhead* in possession. Closed to the take of salmon.</p>
<p>(2) All lakes and reservoirs except those in the Fall River Valley, those in Inyo and Mono counties and those listed by name in the Special Regulations.</p>	<p>All year.</p>	<p>5 <u>trout</u> per day. 10 <u>trout</u> in possession.</p>
<p>(3) All streams, lakes and reservoirs in Inyo and Mono counties, except those listed by name in the Special Regulations.</p>	<p>Last Saturday in Apr. through Nov. 15.</p>	<p>5 <u>trout</u> per day. 10 <u>trout</u> in possession.</p>
<p>(4) All streams, lakes and reservoirs in the Fall River Valley above the Pit No. 1 PG&E Diversion Dam on Fall River in Shasta County, except those listed by name in the Special Regulations.</p>	<p>Last Saturday in Apr. through Nov. 15.</p>	<p>2 <u>trout</u></p>
<p>(5) All streams in Lassen and Modoc counties east of Highway 395 and north of Clarks Valley Road. Clarks Valley Road is defined as those portions of county routes 510, 512 and 506 running easterly from the town of Madeline to the Nevada border.</p>	<p>Saturday preceding Memorial Day through Nov. 15.</p>	<p>5 <u>trout</u> per day. 10 <u>trout</u> in possession.</p>
<p>(6) All other streams except those listed by name in the Special Regulations.</p>	<p>Last Saturday in Apr. through Nov. 15.</p>	<p>5 <u>trout</u> per day. 10 <u>trout</u> in possession.</p>

(7) Mono County waters, when closed to trout fishing, are closed to all fishing, except for the unrestricted portions of Fish Slough which are open to fishing all year. Also, see Mono County waters listed in sections 5.00 and 7.50.

(8) SPECIAL BROOK TROUT BONUS BAG AND POSSESSION LIMIT:
(A) IN SIERRA DISTRICT WATERS OF SISKIYOU, SHASTA AND TEHAMA COUNTIES, UP TO 10 BROOK TROUT PER DAY LESS THAN 8 INCHES TOTAL LENGTH MAY BE TAKEN AND POSSESSED IN ADDITION TO THE OTHER DAILY BAG AND POSSESSION LIMITS SPECIFIED FOR THE SIERRA DISTRICT.
(B) IN THE SIERRA DISTRICT SOUTH OF INTERSTATE 80, UP TO 10 BROOK TROUT PER DAY LESS THAN 10 INCHES TOTAL LENGTH MAY BE TAKEN AND POSSESSED IN ADDITION TO THE OTHER DAILY BAG AND POSSESSION LIMITS SPECIFIED FOR THE SIERRA DISTRICT. THIS ALLOWANCE DOES NOT INCLUDE RED LAKE IN ALPINE COUNTY OR KIRMAN, LANE OR ROOSEVELT LAKES IN MONO COUNTY.

(c) North Central District

5 trout

(1) All lakes and reservoirs except those listed by name in the Special Regulations.

All year.

Closed to all fishing all year.

(3) The tidewaters of all streams except those listed by name in the Special Regulations. Note: Some waters within this district are tide waters regulated by regulations for the ocean and San Francisco Bay District (see sections 1.53 and 27.00)

All year
Closed to all fishing all year.

(d) Valley District

(1) All lakes and reservoirs except those listed by name in the Special Regulations.

All year.

5 trout

(2) All anadromous waters except those listed by name in the Special Regulations (See definition of anadromous waters, Section 1.04).	All year.	2 hatchery trout or hatchery steelhead* 4 hatchery trout or hatchery steelhead* in possession. Closed to the take of salmon.
(3) All streams except anadromous waters and those listed by name in the Special Regulations.	All year	<u>5 trout</u>
(e) South Central District (1) All lakes and reservoirs except those listed by name in the Special Regulations.	All year	<u>5 trout</u>
(2) That portion of any stream west of any Highway 1 bridge except those listed by name in the special regulations.	Dec. 1 through Mar. 7, but only on Sat., Sun., Wed., legal holidays and opening and closing days. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead* 4 hatchery trout or hatchery steelhead* in possession. Closed to the take of salmon.
(3) All streams in Alameda, Contra Costa, and Santa Clara Counties except those listed by name in the Special Regulations.	Last Saturday in Apr. through Nov. 15	<u>5 trout</u> Closed to the take of salmon.
(4) All other streams and portions of streams except those listed in subsection (e)(2) above or by name in the Special Regulations.	Closed to all fishing all year	
(f) Southern District (1) All lakes and reservoirs except those listed by name in the Special Regulations.	All year.	<u>5 trout</u>

(2) All streams except anadromous waters in San Diego County, and except those listed by name in the Special Regulations. All year. Only artificial lures with barbless hooks may be used. 2 trout

(3) All streams except anadromous waters in Los Angeles, Ventura, Santa Barbara, Orange, San Bernardino and Riverside Counties, and except those listed by name in the Special Regulations. All year. 5 trout

(4) All anadromous waters except those listed by name in the Special Regulations (See definition of anadromous waters, Section 1.04) Closed to all fishing all year.

(5) All streams and tributaries (except those listed by name in the Special Regulations) above Twitchell Dam on the Cuyama River, above Bradbury Dam and below Gibraltar Dam on the San Ynez River; above Matilija Dam on Matilija Creek and above Wheeler Gorge Campground on NF Matilija Creek; and above Rindge Dam on Malibu Creek. All year 5 trout

(g) Colorado River District

(1) The Colorado River and its back waters All year 10 trout

(2) All other waters All year 5 trout

*Hatchery trout or steelhead have a healed adipose fin clip (adipose fin is absent). Unless otherwise provided, all other trout and steelhead must be immediately released. Wild trout or steelhead are those not showing a healed adipose fin clip (adipose fin present).

Note: Authority cited: Sections 200, 202, 205, 220 and 240, Fish and Game Code. Reference: Sections 200, 205 and 206, Fish and Game Code.

Section 7.50, Title 14, CCR, is amended as follows:

§7.50. Alphabetical List of Waters with Special Fishing Regulations.

(a) General Provisions:

(1) Every body of water listed below is closed to the take of salmon and salmon fishing, unless otherwise noted.

(2) Unless otherwise provided, waters shown as open to trout ~~and~~ salmon fishing below, are open to fishing for other species. Every body of water listed below is closed to all fishing except during the open season as shown. Gear restrictions listed in this section apply to the take of all species of fish unless otherwise noted.

(3) Unless otherwise provided, waters closed to trout ~~and~~ salmon fishing are closed to fishing for all other species, except that these closures do not apply to fishing for amphibians (see Section 5.05), freshwater clams (see Section 5.20), crayfish (see Section 5.35), and lamprey (see Section 5.40), using legal fishing methods other than hook-and-line fishing, and saltwater clams, crabs, ghost shrimp, and blue mud shrimp (see Ocean Regulations Booklet Sections 29.20 to 29.87). Crabs may only be taken using hoop nets or by hand, and Dungeness crab may only be taken within the North Coast District and Sonoma and Mendocino counties.

(4) Daily bag and possession limits, unless otherwise noted, mean the total number of ~~salmon or trout in combination~~ trout.

(5) Unless otherwise provided, it is unlawful to possess more than one daily bag limit.

(6) These waters may also be subject to restrictions on fishing methods and gear (sections 2.00 through 2.40), fishing hours (section 3.00), and the use of bait (sections 4.00 through 4.30).

(b)

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(1) Alambique Creek (San Mateo Co.).	Last Saturday in Apr. through Nov.	5 trout
(1.5) Alameda Creek and tributaries (Alameda and Santa Clara cos.).		
(A) Alameda Creek and tributaries downstream of San Antonio, Calaveras, and Del Valle Reservoirs except for Arroyo Del Valle between Bernal Ave. and the Thiessen St. intersection with Vineyard Ave.	Closed to all fishing all year.	

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
1. Arroyo Del Valle between Bernal Ave. and the Thiessen St. intersection with Vineyard Ave.	All year. Only artificial lures with barbless hooks may be used.	0 <u>trout</u>
(B) Alameda Creek tributaries upstream of San Antonio, Calaveras, and Del Valle Reservoirs.	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	0 <u>trout</u>
(2) Albion River (Mendocino Co.). Also see Section 8.00(b). Main stem below the confluence of South Fork Albion.	Fourth Saturday in May through Mar. 31. Only artificial lures with barbless hooks may be used from the fourth Saturday in May through Oct 31. Only barbless hooks may be used from Nov. 1 through Mar. 31.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(3) Alder Creek (Mendocino Co.). Also see Section 8.00(b). Main stem below Tramway Gulch.	Fourth Saturday in May through Mar. 31. Only artificial lures with barbless hooks may be used from the fourth Saturday in May through Oct 31. Only barbless hooks may be used from Nov. 1 through Mar. 31.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(4) Almanor Lake tributaries (Lassen, Plumas and Shasta Cos.) upstream to the first lake.	Saturday preceding Memorial Day through Nov. 15	5 <u>trout</u> per day, 10 <u>trout</u> in possession.

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(4.5) American River, North Fork, Middle Fork, South Fork and their tributaries above Folsom Lake (Placer, Eldorado, Amador, and Alpine cos.)	Last Saturday in Apr. through Nov. 15. Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used.	5 <u>trout</u> per day, 10 <u>trout</u> in possession, 0 <u>trout</u>
(5) American River (Sacramento Co.)	Jan. 1 through July 15.	2 hatchery trout or hatchery steelhead**, 4 hatchery trout or hatchery steelhead** in possession,
(A) From Nimbus Dam to the Hazel Avenue bridge piers.	July 16 through Dec. 31.	2 hatchery trout or hatchery steelhead**, 4 hatchery trout or hatchery steelhead** in possession, 2 Chinook salmon, 4 Chinook salmon in possession,
(B) From Hazel Avenue bridge piers to the U.S. Geological Survey gauging station cable crossing about 300 yards downstream from the Nimbus	Jan. 1 through July 15. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead**, 4 hatchery trout or hatchery steelhead** in possession,

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
Hatchery fish rack site.	July 16 through Aug. 31. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession. 2 Chinook salmon. 4 Chinook salmon in possession.
(C) From the U.S. Geological Survey gauging station cable crossing about 300 yards down- stream from the Nimbus Hatchery fish rack site to the SMUD power line crossing at the southwest boundary of Ancil Hoffman Park.	Jan. 1 through July 15. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
	July 16 through Oct. 31. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession. 2 Chinook salmon. 4 Chinook salmon in possession.
(D) From the SMUD power line crossing at the southwest boundary of Ancil Hoffman Park down- stream to the Jibboom Street bridge.	Jan. 1 through July 15.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
	July 16 through Dec. 31.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession 2 Chinook salmon 4 Chinook salmon in possession
(E) From the Jibboom Street bridge to the mouth.	Jan. 1 through July 15.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession
	July 16 through Dec. 16.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession 2 Chinook salmon 4 Chinook salmon in possession
	Dec. 17 through Dec. 31.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession
(6) Antelope Creek (Tehama Co.).		

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(A) From confluence with North Fork downstream to U.S. Geological Survey gauging station cable crossing at mouth of Antelope Creek Canyon.	Last Saturday in April through Nov. 15. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(B) From U.S. Geological Survey gauging station cable crossing at mouth of Antelope Creek Canyon downstream to mouth of Antelope Creek.	June 16 through September 30.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(6.5) Antelope Lake tributaries (Plumas Co.).	Saturday preceding Memorial Day through Nov. 15	5 <u>trout</u> per day. 10 <u>trout</u> in possession.
(7) Applegate River and tributaries (Siskiyou Co.).	Last Saturday in Apr. through Nov. 15	5 <u>trout</u> per day. 10 <u>trout</u> in possession.
(8) Aptos Creek (Santa Cruz Co.) from mouth to bridge on Aptos Creek Road. Also see Low-Flow Restrictions, Section 8.00(c)(4).	Dec. 1 through Mar. 7, but only on Sat., Sun.,_Wed., legal holidays and opening and closing days. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(9) Arroyo de los Frijoles above Lake Lucerne (San Mateo Co.).	Last Saturday in Apr. through Nov. 15.	5 trout
(10) Arroyo Grande Creek (San Luis Obispo Co.).		

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(A) Above Lopez Reservoir.	Last Saturday in Apr. through Nov. 15.	5 <u>trout</u> , but only 2 salmon.
(B) From mouth to Lopez Canyon Dam.	Closed to all fishing all year.	
(11) Arroyo Leon (San Mateo Co.).	Closed to all fishing all year.	
(12) Arroyo Seco River (Monterey Co.). Also see Section 8.00(c).		
(A) The main stem Arroyo Seco and tributaries above the waterfall located approximately 3.5 miles upstream from the U.S. Forest Service Ranger Station.	Last Saturday in Apr. through Nov. 15.	5 <u>trout</u>
(B) The main stem Arroyo Seco and tributaries below the waterfall located approximately 3.5 miles upstream from the U.S. Forest Service Ranger Station.	Dec. 1 through Mar. 7, but only on Sat., Sun., Wed., legal holidays and opening and closing days. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(12.5) Auburn Ravine Creek and tributaries (Placer Co.) east of Nelson Lane.	Fourth Saturday in May through Oct. 15.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(13) Balm of Gilead Creek (Trinity Co.).	See Eel River 7.50(b)(63).	

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(13.5) Bass Lake (Siskiyou Co.).	Feb. 1 through Sept. 30.	5 <u>trout</u>
(14) Battle Creek (Shasta and Tehama Cos.).		
(A) From mouth to Coleman Fish Hatchery weir.	Closed to all fishing all year.	
(B) From 250 feet upstream from the Coleman National Fish Hatchery upstream to Angel Falls (near Mineral) on the South Fork and to Ponderosa Way Bridge on the North Fork.	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(15) Bear Creek and tributaries (Shasta and Siskiyou Cos.) between Ponderosa Way bridge and confluence with Fall River.	Saturday preceding Memorial Day through Nov. 15	5 <u>trout</u> per day 10 <u>trout</u> in possession.
(17) Bear Creek (San Bernardino Co.) from Big Bear Dam to confluence of Santa Ana River.	All year. Only artificial lures with barbless hooks may be used	2 <u>trout</u>
(18) Bear River (Humboldt Co.) downstream from County Road Bridge at Capetown, excluding tributaries.	Fourth Saturday in May through Mar. 31. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(18.5) Bear River and tributaries (Placer Co.)	Last Saturday in Apr. through Nov. 15. Maximum size limit: 14 inches total length.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(A) From Highway 20 south (downstream) 2.5 miles to the abandoned concrete dam (the Boardman Diversion Dam).	Last Saturday in Apr. through Nov. 15. Maximum size limit: 14 inches total length.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(B) From Highway 65 to the South Sutter Irrigation District Diversion Dam.	Fourth Saturday in May through Oct. 15.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(19) Berryessa Lake tributaries (Lake and Napa Cos.).	Last Saturday in Apr. through Nov. 15	5 <u>trout</u>
(19.5) Big Bear Lake tributaries (San Bernardino Co.)	Saturday preceding Memorial Day through last day of Feb.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(20) Big Chico Creek (Butte Co.).	(A) From mouth to Bear Hole, located approximately one mile downstream from the upper end of Bidwell Park	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(B) From Bear Hole to the upper boundary of the Big Chico Creek Ecological Reserve	Nov. 1 through April 30. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(C) From the upper boundary of the Big Chico Creek Ecological Reserve to Higgins Hole Falls, located about one-half mile upstream from Ponderosa Way.	Closed to all fishing all year.	
(21) Big Lagoon (Humboldt Co.). For purposes of this regulation, the boundary between Big Lagoon and Maple Creek is the first private road bridge, located approximately 1/2 mile southeast of the Highway 101 bridge crossing.	All year. Only barbless hooks may be used. Cutthroat trout minimum size limit: 10 inches.	2 cutthroat trout. 2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(22) Big River (Mendocino Co.). Also see Section 8.00(b). Main stem below the confluence of Two Log Creek.	Fourth Saturday in May through Mar. 31. Only artificial lures with barbless hooks may be used from the fourth Saturday in May through Oct. 31. Only barbless hooks may be used from Nov. 1 through Mar. 31.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(23) Big Sur River (Monterey Co.).	Fourth Saturday in May through Oct. 31. Only artificial lures with barbless hooks may be used.	0 <u>trout</u>

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(B) Big Sur river within Pfeiffer Big Sur State Park, east of the Highway 1 bridge, to its boundary with the Ventana Wilderness Area.	Closed to fishing all year.	
(23.5) Big Tree Creek (Calaveras Co.) Within Calaveras Big Trees State Park (upstream of the Highway 4 culvert crossing).	Closed to all fishing all year.	
(24) Big Trees Creek (Tuolumne Co.) upstream from the confluence of Beaver Creek.	Closed to all fishing all year	
(25) Black Butte River and tributaries (Glenn Co.) except Cold Creek.	Closed to all fishing all year	
(25.3) Bodfish Creek and tributaries (Santa Clara Co.)	Closed to all fishing all year.	
(25.5) Boggy Creek (Fresno Co.) and tributaries (tributary to Thomas Edison Lake).	June 1 through October 15.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(26) Bogus Creek (Siskiyou Co.).	See Klamath River 7.50(b)(91.1).	
(26.5) Bridgeport Reservoir Tributaries (Mono Co.).		

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
<p>All Bridgeport Reservoir tributaries except Swauger Creek, from Bridgeport Reservoir upstream to Highway 395, and Swauger Creek, from Bridgeport Reservoir upstream to the private property fence line above the Forest Service campground.</p>	<p>Last Saturday in April through the Friday preceding Memorial Day and Oct. 1 through Nov. 15. Minimum size limit: 18 inches total length. Only artificial lures with barbless hooks may be used.</p>	<p>1 <u>trout</u></p>
<p>(27) Brush Creek (Mendocino Co.). Also see Section 8.00(c).</p>	<p>Saturday preceding Memorial Day through Sep. 30.</p>	<p>5 <u>trout</u> per day, 10 <u>trout</u> in possession.</p>
<p>Main stem below the Lawson bridge.</p>	<p>Fourth Saturday in May through Mar. 31. Only artificial lures with barbless hooks may be used from the fourth Saturday in May through Oct. 31. Only barbless hooks may be used from Nov. 1 through Mar. 31.</p>	<p>2 hatchery trout or hatchery steelhead**, 4 hatchery trout or hatchery steelhead** in possession.</p>
<p><u>(27.5) Bucks Lake</u></p>	<p><u>All year.</u></p>	<p><u>5 trout per day.</u> <u>10 trout in possession.</u> <u>10 landlocked salmon per day.</u> <u>20 landlocked salmon in possession.</u></p>
<p>(28) Bucks Lake tributaries (Plumas Co.).</p>	<p>Saturday preceding Memorial Day through Sept. 30.</p>	<p>5 <u>trout</u> per day, 10 <u>trout</u> in possession.</p>
<p>(28.5) Burney Creek (Shasta Co.) from Burney Creek Falls downstream to Lake Britton.</p>	<p>Last Saturday in April through Nov. 15. Only artificial lures with barbless hooks may be used.</p>	<p>2 trout Maximum size limit: 14 inches total length.</p>

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(29) Butano Creek (San Mateo Co.).		
(A) Above Butano Falls.	Last Saturday in Apr. through Nov. 15.	5 trout
(B) From mouth to county bridge on Pescadero-Bean Hollow Road. Also see Low- Flow Restrictions, Section 8.00(c)(2)	Dec. 1 through Mar. 7, but only on Sat., Sun., Wed., legal holidays and opening and closing days. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(30) Butt Creek and Butt Valley Reservoir Powerhouse Outfall (Plumas Co.).		
(A) Butt Creek.	Saturday preceding Memorial Day through Nov. 15.	5 <u>trout</u> per day. 10 <u>trout</u> in possession.
(B) Butt Valley Reservoir powerhouse outfall, from the powerhouse, downstream to a marker adjacent to Ponderosa Flat Campground.	Saturday preceding Memorial Day through Feb. 28.	2 <u>trout</u>
(31) Butt Valley Reservoir (Plumas Co.).	All year	2 <u>trout</u>
(32) Butte Creek (Butte and Sutter Cos.).		

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(A) From the Oro-Chico Road bridge crossing south of Chico to the Centerville Head Dam, located 300 yards downstream from the DeSabra Powerhouse below DeSabra Reservoir.	November 15 through February 15. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(B) From the Oro-Chico Road bridge crossing south of Chico to the point that Butte Creek enters the Sacramento River both via Butte Slough outfall gates at Moon's Bend and through Butte Slough, thence both the East and West Canals of the Sutter Bypass, thence Sacramento Slough.	All year	Open to fishing for non-salmonids only. Closed to the take of trout, and steelhead.
(33) By-Day Creek and tributaries (Mono Co.).	Closed to all fishing all year	
(34) Cache Creek and tributaries (Lake Co.).	Last Saturday in Apr. through Nov. 15	5 <u>trout</u>
(35) Calaveras River downstream from New Hogan Dam and the diverting canal (Mormon Slough) from Bellota Weir downstream to Interstate Highway 5 (Calaveras and San Joaquin cos.).	Fourth Saturday in May through Mar. 31. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(35.5) Calleguas Creek and tributaries (Ventura Co.).	Saturday preceding Memorial Day through November 30. Only artificial lures with barbless hooks may be used.	Open to fishing for non-salmonids only. Closed to the take of trout and steelhead
(35.6) Canyon Creek upstream of the falls located about four miles north of the wilderness area boundary. (Trinity Co.)	Last Saturday in April through November 15.	<u>2 trout</u>
(35.7) Caribou Reservoir (Plumas County)	Last Saturday in Apr. through Nov. 15	<u>2 trout</u>
(36) Carmel River and tributaries above Los Padres Dam (Monterey Co.).	Last Saturday in Apr. through Nov. 15. No rainbow trout less than 10 inches or greater than 16 inches total length may be kept. Only artificial lures with barbless hooks may be used.	5, trout, no more than 2 of which may be rainbow trout.
(37) Carmel River below Los Padres Dam. (Monterey Co.)		
(A) Carmel River tributaries below Los Padres Dam and main stem from Los Padres Dam to the bridge at Robles Del Rio/Esquiline roads (Rosie's Bridge).	Closed to all fishing all year.	
(B) Carmel River main stem below the bridge at Robles Del Rio/Esquiline roads (Rosie's Bridge). Also, see Section 8.00(c).	Dec. 1 through Mar. 7, but only on Sat., Sun., Wed., and opening and closing days. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(38) Carson River, East Fork and tributaries (Alpine Co.).		
(A) Carson River, East Fork and tributaries above Carson Falls.	Closed to all fishing all year	
(B) Carson River, East Fork from Hangman's Bridge downstream to Nevada State Line.	All year. Only artificial lures with barbless hooks may be used.	0 <u>trout</u>
(39) Cassel Forebay (Hat Creek) (Shasta Co.)	See Hat Creek #1 7.50(b)(75).	
(39.3) Castle Creek (Shasta Co.)	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	0 <u>trout</u>
(39.5) Ceder Creek and tributaries upstream from Moon Lake access road (Lassen Co.).	Closed to all fishing all year	
(40) Chorro Creek (San Luis Obispo Co.) from the point that Chorro Creek enters Midway Marina in Morro Bay upstream to the twin bridges on South Bay Boulevard.	Dec. 1 through Mar. 7, but only on Sat., Sun., Wed., legal holidays and opening and closing days. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(42) Clear Lake tributaries (Lake Co.).	Last Saturday in Apr. through Nov. 15	5 <u>trout</u>
(42.3) Codornices Creek (Alameda Co.).	Closed to all fishing all year	

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(42.5) Cold Creek (Fresno Co.) and tributaries (tributary to Thomas Edison Lake).	June 1 through October 15.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(43) Convict Creek (Mono Co.).	Closed to all fishing all year.	
(A) Convict Creek, including side channels and meanders, in the U.C. study area as posted. This area begins about 1/2 mile above the Highway 395 bridge and extends upstream about 1/2 mile.	Closed to all fishing all year.	
(B) Convict Creek downstream of the U.C. study area.	Last Saturday in April through the Friday preceding Memorial Day and Oct. 1 through Nov. 15. Minimum size limit: 18 inches total length. Only artificial lures with barbless hooks may be used.	2 <u>trout</u>
	Saturday preceding Memorial Day through Sept. 30.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(C) Convict Creek upstream of the U.C. study area.	Last Saturday in April through Nov. 15.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(43.5) Coon Creek and tributaries (Placer Co.) east of Highway 65.	Fourth Saturday in May through Oct. 15.	2 hatchery trout or hatchery steelhead**, 4 hatchery trout or hatchery steelhead** in possession.
(43.6) Coon Creek (San Luis Obispo Co.)	Closed to all fishing all year.	

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(44) Corral Valley Creek and tributaries (Alpine Co.).	Closed to all fishing all year	
(45) Corralitos Creek (Santa Cruz Co.) from mouth to Browns Valley Road. Also see Low-Flow Restrictions, Section 8.00(c)(5).	Dec. 1 through Mar. 7, but only on Sat., Sun., Wed., legal holidays and opening and closing days. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(46) Cosumnes River (Sacramento Co.) from Highway 99 bridge upstream to the Latrobe vehicle bridge.	Jan. 1 through Oct. 15. Only barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(47) Cottoneva Creek (Mendocino Co.). Also see Section 8.00(b). Main stem below the confluence of South Fork Cottoneva Creek.	Fourth Saturday in May through Mar. 31. Only artificial lures with barbless hooks may be used from the fourth Saturday in May through Oct. 31. Only barbless hooks may be used from Nov. 1 through Mar. 31.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(48) Cottonwood Creek (Inyo Co.).		
(A) Cottonwood Creek main stem between mouth of Little Cottonwood Creek and South Fork of Cottonwood Creek.	July 1 through Nov. 15. Only artificial lures with barbless hooks may be used	0 <u>trout</u>
(B) Cottonwood Creek (1) and tributaries upstream from the confluence of South Fork,	July 1 through Nov. 15. Only artificial lures with barbless hooks may be used	5 <u>trout</u>

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(2) Little Cottonwood Creek and tributaries, (3) the South Fork of Cottonwood Creek and tributaries, and (4) the unnamed tributary flowing through Horseshoe Meadow.		
(49) Cottonwood Creek drainage lakes (Inyo Co.).		
(A) Cottonwood Lakes 1, 2, 3 and 4 and their tributaries (Inyo Co.).	July 1 through Nov. 15. Only artificial lures with barbless hooks may be used.	0 <u>trout</u>
(B) All remaining Cottonwood Creek drainage lakes.	July 1 through Nov. 15. Only artificial lures with barbless hooks may be used	5 <u>trout</u>
(49.5) Cottonwood Creek and tributaries (Modoc Co.).	Saturday preceding Memorial Day through Nov. 15. Only artificial lures with barbless hooks may be used.	0 <u>trout</u>
(50) Cottonwood Creek, North Fork and tributaries (White Mountains, Mono Co.).	Closed to all fishing all year	
(50.5) Cow Creek and tributaries upstream from Forest Service road 9S10 (Fresno Co.).	Closed to all fishing all year

(106) Macklin Creek (Nevada Co.), arising near Milton-Bowman Tunnel alignment, flowing north- westerly and having its junction with the Middle Fork Yuba River about 2 1/4 miles downstream from Milton Reservoir.	Closed to all fishing all year	
(107) Mad River and tributaries (Humboldt Co.).		
(A) Mad River from the mouth to 200 yards upstream.	Jan. 1 through Mar. 31. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead ^{**} <u> </u> ^{**} . 4 hatchery trout or hatchery steelhead ^{**} in possession .

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(B) Mad River main stem, from 200 yards above its mouth upstream to the confluence with Cowan Creek, excluding tributaries. Also see Low-Flow Restrictions, Section 8.00(a)(4).	Fourth Saturday in May through Mar. 31. Only artificial lures with barbless hooks may be used from the fourth Saturday in May through Oct. 31. Only barbless hooks may be used from Nov. 1 through Mar. 31.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(C) Mad River main stem, from the confluence with Cowan Creek to the confluence with Deer Creek, excluding tributaries.	Closed to all fishing all year.	
(D) Mad River main stem from the confluence with Deer Creek to Ruth Dam.	Fourth Saturday in May through Oct. 31. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(E) Mad River and tributaries above Ruth Dam.	Last Saturday in May through Nov. 15.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(109) Mammoth Pool (Fresno and Madera cos.).	June 16 through Apr. 30.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(110) Mammoth Pool tributaries (Fresno and Madera Cos.) from their mouths to a point 300 feet upstream.	June 16 through Nov. 15	5 <u>trout</u> per day, 10 <u>trout</u> in possession.

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(111) Martis Creek from the Martis Lake dam downstream to the confluence with the Truckee River (Nevada Co.)	Last Saturday in Apr. through Nov. 15. Minimum size limit: 14 inches total length. Only artificial lures with barbless hooks may be used.	<u>2 trout</u>
(112) Martis Lake and tributaries (Nevada and Placer Cos.)		
(A) Martis Lake.	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used	<u>0 trout</u>
(B) Martis Lake tributaries.	Closed to all fishing all year	
(113) Mattole River (Humboldt Co.). Also see Section 8.00(a).		
(A) Mattole River main stem from the mouth to 200 yards upstream.	Closed to all fishing all year.	
(B) Mattole River main stem from 200 yards upstream of mouth to confluence with Stansberry Creek.	Jan. 1 through Mar. 31. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(C) Mattole River main stem from confluence with Stansberry Creek to confluence with Honeydew Creek.	Jan. 1 through Mar. 31 and Fourth Saturday in May through Aug. 31. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(115) McCloud River and tributaries (Shasta and Siskiyou cos.).		

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(A) Moosehead Creek and all tributaries.	Closed to all fishing all year.	
(B) McKay Creek and all tributaries including Sheepheaven Spring.	Closed to all fishing all year.	
(C) Edson Creek and all tributaries, excluding Dry Creek.	Closed to all fishing all year.	
(D) Swamp Creek and all tributaries.	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	0 <u>trout</u>
(E) McCloud River from McCloud Dam downstream to confluence of Ladybug Creek.	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	2 <u>trout</u>
(F) McCloud River from confluence of Ladybug Creek downstream to lower boundary of the U.S. Forest Service loop (southern boundary of section 36, T38N, R3W).	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	0 <u>trout</u>
(G) McCloud River from the lower boundary of the U.S. Forest Service loop (southern boundary of section 36, T38N, R3W) downstream to the upper boundary of the McCloud River Club (southern boundary of section 14, T37N, R3W).	Closed to all fishing all year.	

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(115.2) McDonald Creek (Humboldt Co.). (115.3) McGee Creek (Mono Co.).	Closed to fishing all year.	
(A) McGee Creek downstream from Highway 395.	Last Saturday in April through Friday preceding Memorial Day and Oct. 1 through Nov. 15. Minimum size limit: 18 inches total length. Only artificial lures with barbless hooks may be used.	2 <u>trout</u>
(B) McGee Creek upstream from Highway 395.	Last Saturday in April through Nov. 15.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(115.4) McKay Creek and all tributaries (Siskiyou Co.)	See McCloud River 7.50(b)(115).	
(115.6) McLeod Lake (Mono Co.).	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	0 <u>trout</u>
(115.8) Meiss Lake (Alpine Co.).	Closed to all fishing all year	
(116) Mendocino Lake tributaries (Mendocino Co.).	Last Saturday in Apr. through Nov. 15	5 <u>trout</u>
(117) Merced River (Mariposa Co.).	Last Saturday in Apr. through Nov. 15. Only artificial lures with barbless hooks may be used.	0 rainbow trout, 5 brown trout per day, 10 brown trout in possession.

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(B) From the western boundary of Yosemite National Park at El Portal boundary downstream to the Foresta bridge.	All year. Only artificial lures with barbless hooks may be used.	0 rainbow trout, 5 brown trout per day, 10 brown trout in possession.
(C) From Foresta bridge downstream to Lake McClure.	Last Saturday in April through November 15. November 16 through the Friday preceding the last Saturday in April.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(118) Merced River (Merced Co.).		
(A) From Crocker-Huffman Dam downstream to the Schaffer bridge on Oakdale Road.	Jan. 1 through Oct. 31. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(B) From the Schaffer bridge on Oakdale Road downstream to the mouth.	Jan. 1 through Oct. 31. Bait may be used from Jan. 1 through Oct. 31. However, from April 1 through the Friday preceding the fourth Saturday in May, bait may be used only with single hooks having a gap between 1/2 and 1 inch, or with multiple hooks having a gap between 1/4 and 1/2 inch.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(118.2) Milk Ranch Creek and tributaries (Alpine Co.) above the confluence with the North Fork Mokelumne River.	Closed to fishing all year.	

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(118.5) Mill Creek (Mono Co. tributary to West Walker River) and tributaries upstream from confluence with Lost Cannon Creek.	Closed to all fishing all year	
(119) Mill Creek (Tehama Co.).	Last Saturday in April through Nov. 15. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(A) From the Lassen National Park boundary downstream to the U.S. Geological Survey gauging station cable crossing at the mouth of Mill Creek Canyon.	Last Saturday in April through Nov. 15. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(B) From U.S. Geological Survey gauging station cable crossing at mouth of Mill Creek Canyon downstream to the mouth of Mill Creek.	June 16 through Sept. 30.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(120) Milton Lake and middle Fork Yuba River between Milton Lake and Jackson Meadows Dam (Nevada and Sierra cos.).	Last Saturday in Apr. through Nov. 15. Maximum size limit: 12 inches total length. Only artificial lures with barbless hooks may be used	<u>2 trout</u>
(122) Mitchell Creek and tributaries (Contra Costa Co.).	Closed to all fishing all year	
(124) Mokelumne River (San Joaquin Co.).	Closed to all fishing all year	

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(A) From Camanche Dam to Highway 99 bridge.	Jan. 1 through Mar. 31.	1 hatchery trout or 1 hatchery steelhead**
	Fourth Saturday in in May through July 15.	1 hatchery trout or 1 hatchery steelhead**
	July 16 through Oct. 15.	1 hatchery trout or hatchery steelhead** 2 Chinook salmon.
(B) From Highway 99 bridge to the Woodbridge Irrigation District Dam including Lodi Lake.	Jan. 1 through July 15.	1 hatchery trout or 1 hatchery steelhead**

(B) Whiskey Creek upstream from Crowley Lake Drive.	Last Saturday in April through Nov. 15.	5 <u>trout</u> per day, 10 <u>trout</u> in possession.
(207) Wildcat Creek and tributaries (Contra Costa Co.)	Closed all year to fishing	
(208) Willow Creek and tributaries (tributary to Goose Lake, Modoc Co.).	Saturday preceding Memorial Day through Nov. 15. Only artificial lures with barbless hooks may be used.	<u>0 trout</u>

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(208.5) Wolf Creek and tributaries (tributary to West Walker River) (Mono Co.).	August 1 through November 15. Only artificial flies with barbless hooks may be used.	0 <u>trout</u>
(208.6) Wolf Creek Lake (tributary to Wolf Creek) (Mono County)	Closed to all fishing all year	
(209) Yellow Creek (Plumas Co.) from Big Springs downstream to the marker at the lower end of Humbug Meadow.	Last Saturday in Apr. through Nov. 15 Maximum size limit: 10 inches total length. Only artificial lures with barbless hooks may be used.	2 <u>trout</u>
(210) Yuba River, Middle Fork (Nevada and Sierra Cos.) from Jackson Meadows Dam downstream to Milton Lake.	See Milton Lake 7.50(b)(120).	
(211) Yuba River, North Fork (Sierra and Yuba cos.)	Last Saturday in Apr.	2
(A) From the western boundary of Sierra City to the confluence with Ladies Canyon Creek.	<u>Last Saturday in Apr.</u> through Nov. 15. Only artificial lures with barbless hooks may be used.	2 <u>trout</u>
	Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used.	0 <u>trout</u>
(B) From Ladies Canyon Creek downstream to New Bullards Bar Reservoir.	Last Saturday in Apr. through Nov. 15.	5 <u>trout</u>
	Nov. 16 through the Friday preceding the last Saturday in Apr. Only artificial lures with barbless hooks may be used.	0 <u>trout</u>

Body of Water	Open Season and Special Regulations	Daily Bag and Possession Limit
(212) Yuba River (Yuba and Nevada Cos.) from mouth to Englebright Dam.		
(A) From mouth to the Highway 20 bridge.	All year. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.
(B) From Highway 20 bridge to Englebright Dam.	Dec. 1 through Aug. 31. Only artificial lures with barbless hooks may be used.	2 hatchery trout or hatchery steelhead** 4 hatchery trout or hatchery steelhead** in possession.

* Wild Chinook salmon are those not showing a healed adipose fin clip and not showing a healed left ventral fin clip. **Hatchery trout or steelhead in anadromous waters are those showing a healed adipose fin clip (adipose fin is absent). Unless otherwise provided, all other trout and steelhead must be immediately released. Wild trout or steelhead are those not showing a healed adipose fin clip (adipose fin is present).

Note: Authority cited: Sections 200, 202, 205, 215, 220, 240, 315 and 316.5, Fish and Game Code. Reference: Sections 200, 202, 205, 215 and 316.5, Fish and Game Code.

Section 43, Title 14, CCR, is amended as follows:

§43. Captive Propagation and Commercialization of Native Reptiles.

...[No changes to subsections (a) through (b)]

(c) Propagation and Possession for Commercial Purposes. Native reptiles may not be sold, possessed, transported, imported, exported or propagated for commercial purposes, except as provided in Section 40(f) and except as follows:

(1) Species and subspecies Authorized. Pursuant to the provisions of this section, only the following species and subspecies may be sold, possessed, transported, imported, exported or propagated for commercial purposes:

(A) California common kingsnake (*Lampropeltis getulus-californiae*);

(B) California subspecies of the ~~gopher snake~~ gophersnake (*Pituophis melanoleucus* scatenifer): Great Basin ~~gopher snake~~ gophersnake (*Pituophis*

~~*melanoléucuscatenifer deserticola*~~, Pacific gopher snake gophersnake (*Pituophis melanoléucuscatenifer catenifer*), San Diego gopher snake gophersnake (*Pituophis melanoléucuscatenifer annectens*), and ~~Sonora gopher snake~~ Sonoran gophersnake (*Pituophis melanoléucuscatenifer affinis*);

(C) California subspecies of the rosy boa (*Lichanura trivirgata*); Coastal rosy boa (*Lichanura trivirgata roseofusca*) and Desert rosy boa (*Lichanura trivirgata gracia*) Northern three-lined boa (*Lichanura orcutii*).

(2) Bill of Sale. All animals sold pursuant to this section must be accompanied by a numbered bill of sale which shall contain the name and permit number of the permittee, the complete scientific name of each native reptile sold and the name and address of the buyer. A copy of the bill of sale shall be retained by the buyer.

...[No changes to subsections (d) through (k)]

Note: Authority cited: Sections 200, 202, 205, 220, 5061 and 6896, Fish and Game Code. Reference: Sections 200, 202, 205, 220, 5061 and 6896, Fish and Game Code.

Section 671, Title 14, CCR, is amended as follows:

§671. Importation, Transportation and Possession of Live Restricted Animals.

... [No changes to subsections (a) through (b)]

(c) Restricted species include:

... [No changes to subsections (c)(1) through (c)(2)]

(3) Class Amphibia-Frogs, Toads, Salamanders

(A) Family Bufonidae-Toads ~~*Bufo marinus*, *Bufo paracnemis*, *Bufo horribilis*~~ (Giant toad or marine toad group) and all other large toads from Mexico and Central and South America-(D).

1. Genera *Rhinella* and *Rhaebo* (formerly *Bufo*) (giant/marine toad group and all other large toads from Mexico and Central and South America)-(D).

(B) Family Pipidae-Tongueless Toads

1. Genus *Xenopus* (Clawed frogs)-(D).

(C) Family Ambystomatidae-Mole Salamanders

1. Genus *Ambystoma* (nonnative tiger salamanderssalamander group)-(D)

(D) Family ~~Leptodactylidae~~Eleutherodactylidae-~~Neotropical~~Rain Frogs

1. *Eleutherodactylus coqui*-~~Common Coqui~~ or Coqui frog~~common coquí~~ or coquí-(D).

... [No changes to subsections (c)(4) through (c)(6)]

(7) Class Reptilia-Reptiles

(A) Order Crocodylia-Crocodiles, Caimans, Alligators and Gavials

All species (D).

(B) Family Chelyridae-Snapping Turtles

All species (D).

(C) Family Elapidae-Cobras, Coral Snakes, Mambas, Kraits, etc.

All species (D).

(D) Family Viperidae-Adders and Vipers

All species (D).

(E) Family Crotalidae-~~Pit Vipers~~Pitvipers

All nonnative species (D), ~~except *Crotalus viridis* (Western rattlesnake), *Crotalus atrox* (Western diamondback rattlesnake), *Crotalus ruber* (red diamondback rattlesnake), *Crotalus scutulatus* (Mojave rattlesnake), *Crotalus mitchelli* (speckled rattlesnake) and *Crotalus cerastes* (Sidewinder) not restricted.~~

(F) Family Colubridae-Colubrids

1. *Dispholidus typus* (Boomslang) (D).

2. ~~*Theoltornis kitlandii*~~ Genus *Thelotornis* (Bird, twig, or vine snakes) (D).

3. All species of ~~g~~Genus *Nerodia* (watersnakes) (D).

(G) Family Helodermatidae

1. *Heloderma suspectum suspectum* (reticulate Gila monster) (D).

. . . [No changes to subsections (c)(8) through (c)(11)]

STATE OF CALIFORNIA
FISH AND GAME COMMISSION
INITIAL STATEMENT OF REASONS FOR REGULATORY ACTION
(Pre-publication of Notice Statement)

Amend Subsection (a)(1) of Section 29.45
Title 14, California Code of Regulations
Re: Recreational Razor Clam Fishery in Humboldt County

I. Date of Initial Statement of Reasons: June 23, 2016

II. Dates and Locations of Scheduled Hearings:

- | | | |
|-----|---------------------|---|
| (a) | Notice Hearing: | Date: August 25, 2016
Location: Folsom, CA |
| (b) | Discussion Hearing: | Date: October 20, 2016
Location: Eureka, CA |
| (c) | Adoption Hearing: | Date: December 8, 2016
Location: San Diego, CA |

III. Description of Regulatory Action:

- (a) Statement of Specific Purpose of Regulation Change and Factual Basis for Determining that Regulation Change is Reasonably Necessary:

Under existing law, razor clams may be taken for recreational purposes with a sport fishing license subject to regulations prescribed by the Fish and Game Commission (Commission). Current regulations for clams specify bag and possession limits, open/closed fishing areas by year, fishing hours and gear restrictions. The proposed regulation change is in response to public recommendations including Humboldt Area Saltwater Angers and Humboldt County Board of Supervisors, and would restore the original location of the management boundary at Little River Beach, Humboldt County.

Area Closures by Year:

Under existing law, razor clams can be taken all year in any area of the state, except in Del Norte County they may be taken north of Battery Point only in odd-numbered years and south of Battery Point only in even-numbered years, and at Little River Beach in Humboldt County they may be taken north of Strawberry Creek between Strawberry Creek and Moonstone Beach only in odd-numbered years, and south of Strawberry Creek between Strawberry Creek and Mad River only in even-numbered years.

The first twenty clams dug must be retained as the bag limit regardless of size or broken condition.

The razor clam management boundary line at Little River Beach, commonly referred to as Clam Beach, is a seasonal creek, named Strawberry Creek that was meant to divide the beach into approximate equal segments that could be fished in alternate years. Since the adoption of this regulation in 1953 in response to a decline in larger clams, this natural creek has meandered southward by 0.6 miles from its original location, resulting in a larger area in the northern section open for clamming during odd-numbered years. In even-numbered years, clambers now have to travel quite far south from the beach access point, the south county parking lot, to reach the smaller, southern section of the beach. The original location of the creek crossed the beach near where a county-maintained public parking lot exists today.

Rotating areas for clamming has been shown to encourage the recovery and productivity of clam beds for future seasons while relieving fishing pressure on alternate years so that clams can grow unmolested. As a result of the southward migration of the creek boundary line, the goal of an annual rotation of effort somewhat equally distributed between north and south sections of the beach has been compromised.

Change for clarity

The following regulation change to Subsection (a)(1) of Section 29.45, Title 14, CCR, would restore the original intent of the razor clam regulation pertaining to Little River Beach, Humboldt County by replacing reference to the Strawberry Creek boundary with reference to a boundary marker and accompanying latitude reading due west of the trailhead leading from the county south parking lot. The northern and southern boundaries would remain in regulation as Moonstone Beach and Mad River, respectively.

The regulation references Little River Beach near McKinleyville, Humboldt County, however it is generally referred to by area locals and on maps as Clam Beach so this name would also replace Little River Beach in regulations with the latter remaining in place parenthetically. The amendment would address the following:

1. Replace reference to the Strawberry Creek boundary with the boundary line due west from the county parking lot trailhead located at 40° 59.67' north latitude.
2. Also replace the name Little River Beach with Clam Beach while using the former name parenthetically.

Benefits of the Regulation

The Commission anticipates benefits to the razor clam resource and its

fishery in Humboldt County. The proposed regulation changes are intended to provide increased clam fishing opportunity in even-numbered years by increasing the size of the open southern Clam Beach management zone, thereby restoring the original intent of the regulation. The Commission anticipates benefits to the environment by the sustainable management of California's razor clam resources.

(b) Authority and Reference Sections from Fish and Game Code for Regulation:

Authority: Sections 200, 202, 205, 206, 215, & 220, Fish and Game Code

Reference: Sections 200, 202, 205, 206, 215, & 220, Fish and Game Code

(c) Specific Technology or Equipment Required by Regulatory Change:

None.

(d) Identification of Reports or Documents Supporting Regulation Change:

None.

(e) Public Discussions of Proposed Regulations Prior to Notice publication:

No public meetings are scheduled prior to the notice publication. The 45-day public notice comment period provides adequate time for review of the proposed changes.

IV. Description of Reasonable Alternatives to Regulatory Action:

(a) Alternatives to Regulation Change:

No alternatives were identified.

(b) No Change Alternative:

The no change alternative would leave existing regulations in place without a solution to the following issues raised by the public.

The Strawberry Creek management boundary at Clam Beach has migrated a considerable distance to the south requiring a much longer walk to the southern management zone from the nearest parking lot, which is especially difficult for elderly and infirmed persons. In addition, the original intent of the creek boundary was to more or less evenly divide Clam Beach

into two management zones and the creek migration has contributed to a distinctly uneven zonation of the beach.

(c) Consideration of Alternatives:

In view of information currently possessed, no reasonable alternative considered would be more effective in carrying out the purposes for which the regulation is proposed or would be as effective and less burdensome to the affected public than the proposed regulation.

V. Mitigation Measures Required by Regulatory Action:

The proposed regulatory action is expected to have no negative impact on the environment; therefore, no mitigation measures are needed.

VI. Impact of Regulatory Action:

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

(a) Significant Statewide Adverse Economic Impact Directly Affecting Businesses, including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. The proposed changes are necessary for the continued preservation of the resource and fishing opportunity and therefore the prevention of adverse economic impacts.

(b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing businesses or the expansion of businesses in California. The proposed regulation changes are intended to provide increased razor clam fishing opportunity in Humboldt County in even numbered years.

The Commission anticipates benefits to the environment by the sustainable management of California's razor clam resource.

The Commission does not anticipate any non-monetary benefits to worker safety.

(c) Cost Impacts on a Representative Private Person or Business:

The agency is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:

None.

(e) Nondiscretionary Costs/Savings to Local Agencies:

None.

(f) Programs mandated on Local Agencies or School Districts:

None.

(g) Costs Imposed on Any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code:

None.

(h) Effect on Housing Costs:

None.

VII. Economic Impact Assessment:

The economic impact of the proposed regulatory changes for the recreational razor clam fishery is expected to be economically neutral since the regulatory change will restore the original location of the management boundary line on Clam Beach (also known as Little River Beach), Humboldt County and increase razor clam fishing opportunity in the southern management section of the beach.

The proposed changes are consistent with existing scientifically-based regulations related to rotating areas to razor clam fishing. Providing for sustainable razor clam fishing in turn supports businesses that contribute to the fishery economy, such as:

sport fishing business owners, tackle store owners, vendors of food, bait, fuel and lodging, and others that provide goods or services to those that recreationally pursue razor clams in Humboldt County, California.

Effects of the regulation on the creation or elimination of jobs within the State

The cumulative effects of the changes statewide are estimated to be neutral to the creation or elimination of jobs in California. No significant changes in fishing effort and recreational fishing expenditures to businesses are expected as a direct result of the proposed regulation changes.

Effects of the regulation on the creation of new businesses or the elimination of existing businesses within the State

The cumulative effects of the changes statewide are expected to be neutral to the creation or elimination of businesses in California. No significant changes in fishing effort and recreational fishing expenditures to businesses are expected as a direct result of the proposed regulation changes.

Effects of the regulation on the expansion of businesses currently doing business within the State

The cumulative effects of the changes statewide are expected to be neutral to the expansion of businesses currently doing business in California. No significant changes in fishing effort and recreational fishing expenditures to businesses are expected as a direct result of the proposed regulation changes.

Benefits of the regulation to the health and welfare of California residents

The proposed regulation change will provide increased opportunity for razor clam fishing in the southern management section at Clam Beach, Humboldt County during even years.

Benefits of the regulation to worker safety

The proposed regulations are not anticipated to impact worker safety conditions.

Benefits of the regulation to the State's environment

It is the policy of this State to encourage the conservation, maintenance, and utilization of living marine resources under the jurisdiction and influence of the

State for the benefit of all citizens (Section 1701, Fish and Game Code). Benefits of the proposed management actions include increased fishing opportunity, along with the continuation of the reasonable and sustainable management of recreational razor clam resources.

Informative Digest/Policy Statement Overview

Under existing law, razor clams may be taken for recreational purposes with a sport fishing license subject to regulations prescribed by the Fish and Game Commission (Commission). Current regulations for clams specify bag and possession limits, open/closed fishing areas by year, fishing hours and gear restrictions. The proposed regulation change is in response to public recommendations including Humboldt Area Saltwater Angers and Humboldt County Board of Supervisors, and would restore the original location of the management boundary at Little River Beach, Humboldt County.

The razor clam management boundary line at Little River Beach, commonly referred to as Clam Beach, is a seasonal creek, named Strawberry Creek, that was meant to divide the beach into approximate equal segments that could be fished in alternate years. Since the adoption of this regulation in 1953 in response to a decline in larger clams, this natural creek has meandered southward by 0.6 miles from its original location, resulting in a larger area in the northern section open for clamming during odd-numbered years. In even-numbered years, clammers now have to travel quite far south from the beach access point, the south county parking lot, to reach the smaller, southern section of the beach. The original location of the creek divided the beach relatively near where a county-maintained public parking lot exists today.

Rotating areas for clamming has been shown to encourage the recovery and productivity of clam beds for future seasons while relieving fishing pressure on alternate years so that clams can grow unmolested. As a result of the southward migration of the creek boundary line, the goal of an annual rotation of effort somewhat equally distributed between north and south sections of the beach has been compromised. The amendment would address the following:

1. Replace reference to the Strawberry Creek boundary with the boundary line due west from the county parking lot trailhead located at 40° 59.67' north latitude.
2. Also replace the name Little River Beach with Clam Beach while using the former name parenthetically.

Benefits of the Regulation

The Commission anticipates benefits to the razor clam resource and its fishery in Humboldt County. The proposed regulation changes are intended to provide increased clam fishing opportunity in even-numbered years by increasing the size of the open southern Clam Beach management zone, thereby restoring the original intent of the regulation. The Commission anticipates benefits to the environment by the sustainable management of California's razor clam resources.

Consistency with State or Federal Regulations

The proposed regulations are neither inconsistent nor incompatible with existing state regulations. Section 20, Article IV, of the State Constitution specifies that the Legislature may delegate to the Fish and Game Commission such powers relating to the protection and propagation of fish and game as the Legislature sees fit. The Legislature has

delegated to the Commission the power to regulate the recreational take of razor clams, specifically the size and bag limits, seasons and means of taking (Fish and Game Code sections 200 and 205). The Commission has reviewed its own regulations and finds that the proposed regulations are neither inconsistent nor incompatible with existing state regulations. The Commission has searched the California Code of Regulations and finds no other state agency regulations pertaining to the recreational take of razor clams.

Regulatory Language

Amend Section 29.45, Title 14, CCR, as follows:

§29.45. RAZOR CLAMS.

... [No changes to subsections (a)(2), (a)(3) and (b)]

(a) Open season:

(1) Clam Beach (also known as Little River Beach) ~~Little River Beach~~ in Humboldt County: Between Mad River and Strawberry Creek south of the boundary line due west from the Clam Beach south parking lot trailhead (40° 59.67' N. lat.) open only during even-numbered years; between Strawberry Creek and Moonstone Beach and north of the boundary line due west from the Clam Beach south parking lot trailhead (40° 59.67' N. lat.) open only during odd-numbered years.

Note: Authority cited: Sections 200, 202, 205 and 220, Fish and Game Code.

Reference: Sections 200, 202, 205, 206 and 220, Fish and Game Code.

2016 JUL 22 AM 8:13

Memorandum

Date: July 18, 2016

To: Valerie Termini
Executive Director
Fish and Game Commission

From: Charlton H. Bonham
Director

Subject: **Agenda Item for the August 24-25, 2016 Fish and Game Commission Meeting Regarding Proposed Amendments to Sport Fishing Regulations**

Attached please find two Initial Statement of Reasons to amend Title 14, California Code of Regulations (CCR). This proposal contains inland sportfishing revisions to amend sections 1.74, 5.05, 5.40, 5.60, 7.00, 7.50, subsection (c) of Section 43, and subsections (c)(3) and (c)(7) of Section 671, Title 14, CCR, and razor clam boundary change in Humboldt County to amend subsection (a)(1) of Section 29.45 Title 14, CCR.

This inland sportfishing regulatory proposal will increase fishing opportunities for landlocked salmon, increase protection for listed steelhead, remove regulations that are no longer relevant, update nomenclature for amphibians and reptiles, correct regulations pertaining to combined bag and possession limits trout and landlocked salmon, clarify the bag and possession limits for trout, and update the sport fishing report card requirements. The proposed regulatory changes are needed to reduce public confusion and improve regulatory enforcement.

The razor clam management boundary line at Little River Beach, commonly referred to as Clam Beach, is Strawberry Creek, a seasonal creek that was meant to divide the beach into approximate equal segments that could be fished in alternate years. Since the adoption of this regulation in 1953 in response to a decline in larger clams, this natural creek has meandered southward by 0.6 miles from its original location, resulting in a larger area in the northern section open for clamming during odd-numbered years. In even-numbered years, clammers now have to travel quite far south from the beach access point, the south county parking lot, to reach the smaller, southern section of the beach. The original location of the creek divided the beach relatively near where a county-maintained public parking lot exists today.

Valerie Termini, Executive Director
Fish and Game Commission
July 18, 2016
Page 2

The proposed regulation change would restore the original intent of the regulation by replacing reference to the Strawberry Creek boundary with reference to a boundary marker and accompanying latitude reading, due west of the trailhead leading from the Clam Beach south county parking lot. The northern and southern boundaries would remain in regulation as Moonstone Beach and Mad River, respectively.

If you have any questions regarding this item, please contact Kevin Shaffer, Acting Chief, Fisheries Branch, at (916) 327-8841 or at Kevin.Shaffer@wildlife.ca.gov.

The public notice for the razor clam boundary should identify Environmental Scientist Christy Juhasz as the Department's point of contact for this rulemaking. She can be reached at (707) 576-2887 or at Christy.Juhasz@wildlife.ca.gov.
