(a) Permit Required. Any person taking or assisting in the taking of sea urchins for commercial purposes shall have obtained a valid sea urchin permit and shall be in possession of said permit when engaged in such activities. A sea urchin diving permit is not required to operate or assist in operating a vessel used to take sea urchins, however, no person without a valid sea urchin diving permit shall engage in diving from a vessel from which sea urchins are being taken or possessed for commercial purposes.
(b) Classes of Permits.
(1) Sea Urchin Diving Permit. Sea urchin diving permits will be issued to licensed commercial fishermen 16 years of age or older who have qualified for permits pursuant to subsection (c).

Each application must be accompanied by evidence that the qualification requirements specified in this subsection have been met. Applications received by the department or, if mailed, postmarked after July 31 will not be considered.
(d) Number of Permits.
(1) All qualified prior sea urchin diving permittees shall be eligible to receive diving permits regardless of the number issued.
(2) If the number of diving permits issued to prior permittees is more than 300, the total number of new sea urchin diving permits available for issuance shall be one-tenth the difference between the total number of sea urchin diving permits issued prior to August 1 of the current permit year and the total number of sea urchin permits issued during the immediately preceding permit year. If the number of diving permits issued to prior permittees is less than 300, the number of new sea urchin diving permits to be issued shall be the difference between the number of diving permits issued to prior permittees and 300. (2) If there are more applicants for sea urchin diving permits than there are permits available, a drawing will be held to determine which applicants will be eligible to purchase permits. Any person who submits more than one application for a new sea urchin diving permit in any one permit year will be excluded from the drawing. Each applicant who meets the criteria in subsection (e)(1) shall be entered into the drawing once. In addition, each applicant shall be entered into the drawing one more time for
each additional year, above the minimum required two years, that the applicant possessed a valid sea urchin crewmember permit. No applicant shall be entered more than five times for each drawing.
