STATE OF CALIFORNIA

Fish and Game Commission

November 22, 2010

TO ALL AFFECTED AND INTERESTED PARTIES:

During the regulatory process to amend Section 632, Title 14, California Code of Regulations, regarding south coast marine protected areas, changes were made to the originally proposed regulatory language.

Because these regulations are different from, yet sufficiently related to, the originally proposed regulations, the Administrative Procedure Act requires that we make the changes available to you for a 15-day written comment period.

Attached for your review are the updated informative digest and the modified proposed regulatory language. Text originally proposed to be added to the regulations is shown in single underline format; text originally proposed to be removed from the regulations is shown in ~~single strike-out format~~. The new options added to the regulatory text are shown in **bold format**, with new additions shown in **bold double underline format**, and deletions shown in ~~bold strike-out format~~. Text originally proposed to be added, but now proposed to be deleted is shown in ~~**bold underline/strike-out format**~~. For those marine protected areas with multiple options, a brief description of each option is provided in shaded text immediately above the regulatory text for that option.

Please refer to the original notice for additional information.

You may submit written comments to the Commission office and/or attend the December 15, 2010 hearing in Santa Barbara and offer testimony.

Sincerely,

Sherrie Fonbuena
Associate Governmental Program Analyst
