**§708. Big Game License Tag, Application, Distribution and Reporting Procedures.**

~~(a) Deer License Tag Procedures and Requirements~~

~~(1) Deer License Tags-~~

~~No person shall hunt deer without a valid deer license tag in possession for that particular area as defined in sections 360 and 361. Deer shall be tagged only with a valid deer license tag for the area (as defined in sections 360 and 361) in which the deer is killed. Except as otherwise provided in the Fish and Game Code, no person shall take more than two deer during any license year.~~

~~(2) Deer License Tag Application and Distribution Procedures.~~

~~(A) Distribution of Deer License Tags:~~

~~1. Deer Tag Classification~~

~~a. Premium Deer Hunt Tags shall include all deer hunt tags where the tag quota filled on or before the first business day after July 1 in the immediately preceding license year.~~

~~b. Restricted Deer Hunt Tags shall include all non-Premium deer hunt tags where the tag quota filled on or before the first business day after August 1 in the immediately preceding license year.~~

~~c. Unrestricted Hunt Tags shall include all deer hunt tags where the tag quota did not fill on or before the first business day after August 1 in the immediately preceding license year.~~

~~d. The department may designate the deer tag classification for any deer hunt that was not held in the previous year.~~

~~2. Premium deer hunt tags shall be distributed by drawing, as described in subsection 708(g)(1) and (2), unless otherwise authorized. Applicants shall submit their deer tag application to the department at the address specified on the application. Applications must be received by the department by 5:00 p.m. on the first business day after June 1. Successful applicants will be selected by drawing within 10 business days following the~~

application deadline date. If the drawing is delayed due to circumstances beyond the department's control, the department shall conduct the drawing at the earliest date possible. Successful and unsuccessful applicants will be notified by mail.

3. Except as noted in subsection 708(a)(2)(E) below, deer tags for any restricted deer hunt tag or any unrestricted deer hunt tag and premium tags leftover after the drawing shall be issued upon request until each tag quota fills. If, on any given day, the number of applications received for any zone or hunt exceeds the number of available tags, the department may conduct a drawing for that zone or hunt.

(B) Application Forms: Except for permits and deer tags issued pursuant to sections 4181.5, 4188, and 4334 of the Fish and Game Code, applications for deer tags, as specified in Section 702, may be made available to the public at designated license agents and department offices.

All party members shall be awarded tags according to the choices listed on the party leader's application. Party applications for premium deer hunts shall not be split to meet the tag quota if the number of party members exceeds the number of available tags. Party applications which exceed the number of available tags shall be bypassed until the quota is reached. Incorrect or incomplete party applications will be separated and awarded tags on an individual basis.

~~(g) Big Game Drawing System~~

~~(1) General Conditions~~

~~(A) Except as otherwise provided, the department shall award license tags for premium deer (X zones, additional hunts, and Area-specific archery hunts), bighorn sheep, elk and pronghorn antelope hunts, as described in sections 360(b) and (c), 361, 362, 364 and 363, using a Modified-Preference Point drawing system.~~

~~(B) Except as otherwise provided, the Modified-Preference Point drawing system shall award proportions of hunt tag quotas, as specified for each species, using the following drawing methods:~~

~~1. Preference Point Drawings. Tags are awarded based on the following order of priority: an applicant's hunt choice (first choice only for deer), accumulated point totals by species (highest to lowest), and computer-generated random number (lowest to highest).~~

~~2. Draw-By-Choice Drawings. Tags are awarded according to an applicant's hunt choice and computer-generated random number (lowest to highest), without consideration of accumulated points.~~

~~(C) Except as otherwise provided, applicants unsuccessful in receiving a tag for premium deer (based on first choice selection), bighorn sheep, elk or pronghorn antelope hunts shall earn one (1) preference point for use in future Big Game Drawings.~~

~~(D) To earn and accumulate a point for any species, a person must comply with all application requirements for that species as specified in subsections 708(a), (b), (c) and (d), including the following conditions:~~

~~1. Applicants must be at least 12 years of age on or before July 1 of the license year for which they are applying (16 years of age for bighorn sheep applications).~~

~~2. Applicants must possess a California hunting license valid for the hunting season requested (applicants for apprentice deer hunts must possess a junior hunting license). Applicants must provide evidence of such license at the time of application.~~

~~3. Applications for bighorn sheep, pronghorn antelope and elk hunts must include the appropriate nonrefundable processing fees.~~

~~4. Applications must be received by the department's License and Revenue Branch in Sacramento by 5:00 p.m. on the first business day after June 1.~~

~~5. Except for apprentice deer hunt applicants, applicants shall not submit more than one drawing application for each species during the same license year.~~

~~(E) No applicant shall earn more than one (1) preference point per species, per drawing, for use in future drawings. Preference points are accumulated by species and shall not be transferred to another species or another person. Preference points are not zone or hunt specific.~~

~~(F) Except as otherwise provided, successful applicants receiving tags for their first choice premium deer, bighorn sheep, elk or pronghorn antelope hunts shall lose all preference points for that species.~~

~~(G) For party applications, the department shall use the average preference point value of all party members (total preference points for the party divided by number of party members) as the basis for consideration in the drawing for that species. Point averages shall not be rounded.~~

~~(H) Except as otherwise provided, persons who do not wish to apply for an antelope, elk, bighorn sheep or premium deer tags may earn one (1) preference point for any or all of these species, by submitting the appropriate application(s), as specified in subsections 708 (a), (b), (c) and (d), and writing the point code number for that species, as defined by the department, in the hunt choice box (first choice only for deer). Persons applying for a preference point in this manner shall be subject to the same application requirements as regular drawing applicants as specified in subsection 708(g)(1)(D).~~

~~(I) The department shall maintain records of preference points earned by individual applicants based on the hunter identification number provided on each application (driver's license number, Department of Motor Vehicles identification number, or hunter identification number assigned by the department). Applicants shall notify the department's License and Revenue Branch in Sacramento in writing, of any changes or corrections regarding name, mailing address, date of birth or hunter identification number.~~

~~(J) Persons not applying for premium deer, bighorn sheep, elk, or pronghorn antelope hunts through the department's Big Game Drawings for five (5) consecutive years shall have their preference points for that species reduced to zero (0). For the purposes of this subsection, persons whose applications are disqualified from drawing shall be considered the same as persons not applying. Applying for preference points as described in (H) above, will keep an applicant's file active.~~

~~(K) Any person may appeal incomplete, late and ineligible applications or applications submitted without the appropriate processing fee that were not included in the department's big game drawing and the hunter did not earn a preference point. The appeal must be in writing and describe the basis for the appeal. The appeal shall be received by the department's License and Revenue Branch in Sacramento, or if mailed, postmarked on or before May 31 of the following year. The department, upon consideration of the appeal, may grant the appeal and award one preference point to the appellant. If the department grants the appeal for a preference point, the appellant shall pay all the applicable fees. The department shall not award a preference point unless the appellant pays all the applicable fees.~~

~~(L) Any applicant who was drawn for the applicant's first deer tag choice in the big game drawing and can not hunt for any reason may submit a written request to retain the accumulated preference point total and earn one preference point for deer for that year. Applicants must return the tag to the department's License and Revenue Branch before the season starts for which the tag is valid for the department to consider the request. If the request is granted the applicant shall retain the preference point total the applicant accumulated prior to the big game drawing and earn one preference point for deer. The department shall not refund the fees paid for a resident deer tag application. The department may refund the difference between the fee paid for a nonresident deer tag application and a resident deer tag application for any nonresident tag.~~

~~(M) Any applicant who was awarded an elk, antelope, or big horn sheep tag in the big game drawing and can not hunt for any reason may submit a written request to retain the accumulated preference point total and earn one preference point for elk, antelope or big horn sheep for that year. Applicants must return the tag to the department's License and Revenue Branch before the season starts for which the tag is valid for the department to consider the request. The applicant shall submit the nonrefundable processing fee~~
