---

**PERMIT CONDITIONS:**

1. Pursuant to California Fish and Game Code Section 395 and Section 670, Title 14, of the California Code of Regulations (CCR) you must have a valid falconry license in your immediate possession at all time while capturing or attempting to capture raptors in California.

2. Pursuant to Section 670(g)(7), Title 14, of the CCR, only the following raptors may be captured from the wild under this permit: Northern goshawk (Accipiter gentilis) (outside Tahoe Basin), Cooper's hawk (Accipiter cooperii), sharp-shinned hawk (Accipiter striatus), red-tailed hawk (Buteo jamaicensis), red-shouldered hawk (Buteo lineatus), American kestrel (Falco sparverius), merlin (Falco columbarius), barred owl (Strix varia), and great horned owl (Bubo virginianus).

3. Pursuant to Section 670(g)(2), Title 14, of the CCR, upon capture of a raptor you must notify the Department by filling out the bottom portion of this permit and returning this entire form within 10 calendar days to the Department of Fish and Wildlife, License and Revenue Branch, 1740 N. Market Blvd., Sacramento, California 95834, by e-mail to spu@dfg.ca.gov or by fax to (916) 419-7586.

4. When recording coordinates of the capture site, please use latitude (i.e. degree decimal 99.999999) and longitude (i.e. degree decimal 99.999999). If a GPS unit is not used in the field, latitude and longitude can be obtained by using online tools such as Google Earth.

5. If unsuccessful, this permit must be completed and returned to the address listed above upon the expiration of this permit.

6. You are not authorized to capture a raptor or practice falconry on public lands where it is prohibited, on private property without written permission from the landowner or tenant, or on tribal government lands without written permission. Pursuant to Section 670(g)(11), Title 14, of the CCR, you must carry such written permission during capture or while practicing falconry.
